## DEPARTMENT OF COMPUTER APPLICATIONS

### REPORT ON SOFTSKILLS PROGRAMME

CLASS: III BCA A & B

#### AIM:

The aim of a soft skills program is to develop a set of interpersonal, communication, and problem-solving skills that are essential for personal and professional success. These programs are designed to enhance emotional intelligence, improve how individuals interact with others, and increase their ability to handle various situations effectively.

#### OBJECTIVE:

The main objective of a soft skills programme is to enhance an individual's interpersonal, communication, and professional skills to enable them to work effectively in any environment whether academic, professional, or social.

## DEPARTMENT OF COMPUTER APPLICATIONS REPORT ON SOFTSKILLS PROGRAMME CLASS: III BCA A & B

On 19<sup>th</sup> July 2024, Department of computer Applications conducted a Soft Skills Training Programme at Room no.213. The purpose of this event was to enhance the soft skills of individuals, preparing them for success in both professional and personal spheres. The training covered key areas such as communication, teamwork, leadership, time management, and emotional intelligence, which are essential in today's competitive and dynamic world.

The programme was graced by the presence of the Chief Guest, Mrs. M. LATHASHREE MA, Assistant Professor, Department of English, Don Bosco College, Dharmapuri, who shared valuable insights on the importance of soft skills in shaping an individual's career and personal growth.

At 12.00 to 1.30 pm, the Chief Guest, Mrs. M. LATHASHREE, addressed the gathering. She emphasized the growing need for soft skills in the modern workplace, stating that while technical knowledge is essential, it is soft skills like communication, adaptability, and problem-solving that make individuals stand out in a competitive work environment.

### SOFT SKILLS TRAINING PROGRAMME

#### COMMUNICATION SKILLS

#### Aim:

To enhance students communication abilities by developing their speaking, listening, writing and presentation skills, thereby preparing them for academic success, employability and professional growth.

#### Objectives:

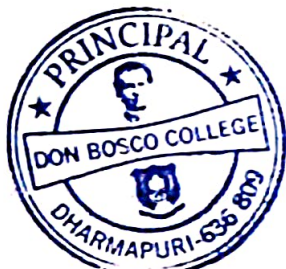

- To develop effective verbal and non- verbal communication skills.
- To improve listening and comprehension abilities.
- To enhance vocabulary and language proficiency for professional contexts.
- To build confidence in public speaking and group discussions.
- To train students in business and professional communication (emails, reports, presentations).
- To reduce communication barriers and encourage clarity and confidence in expression.
- To prepare students for interviews, workplace interactions and teamwork.

## AIMS AND OBJECTIVES

### Aim & Objectives:-

To guide the students in their respective field.

### Outcome:-

The outcomes for Career guidance can help students in many ways, including:

- Informed decision making: Career guidance can help students make informed decisions about their future careers. It can also help students avoid making hasty decisions that could lead to job dissatisfaction or career changes later in life.
  - Understanding strengths and weaknesses: Career guidance can help students understand their strengths and weaknesses, and identify their interests.
  - Building confidence and self-esteem: Career guidance can help students boost their confidence and self-esteem.
  - Developing long-term career goals: Career guidance can help students develop long-term career goals.
  - Preparing for the future: Career guidance can help students prepare for the future and how to future-proof themselves and their skills.
  - Overcoming career obstacles: Career guidance can help students overcome career-related challenges and obstacles, such as job loss or career transitions.
  - Broadening perspective: Career guidance can help students broaden their perspective.
  - Soft skill enhancement: Career guidance can help students enhance their soft skills.
- Career guidance is a lifelong process that can help students align their education with their aspirations.

Report on soft skill program

## REPORT ON SOFT SKILL PROGRAMME – “TIME MANAGEMENT”

A Soft Skill Programme on “Time Management” was organized for the students of I B.Com (CA) on 08.08.2024 in Room No. 310. The objective of the programme was to enhance the students’ understanding of the importance of effective time management and to equip them with practical techniques to utilize their time efficiently in both academic and personal pursuits.

The session began with a warm welcome address by the faculty coordinator, who highlighted the relevance of time management as a key soft skill in today’s competitive environment. The Chief Guest, Mr. R. Palanisamy, was then invited to deliver his address.

In his insightful presentation, Mr. R. Palanisamy emphasized that time is one of the most valuable resources and that effective time management is essential for achieving success in life. He discussed several strategies such as goal setting, prioritization, scheduling, and avoiding procrastination. He also encouraged students to maintain a balance between academic responsibilities and personal development.

The Chief Guest interacted with the students, sharing real-life examples and practical tips on how to plan their daily activities effectively. The students actively participated and clarified their doubts regarding managing time under pressure. His motivating words inspired everyone to develop discipline and consistency in their daily routines.

## PG & Research Department of Commerce

Academic Year: 2025– 2026

### Time Management

#### Outcomes:

##### ❖ Improved Awareness:

Students gained a clear understanding of the importance of time management in achieving academic and personal goals.

##### ❖ Goal Setting Skills:

Participants learned how to set realistic short-term and long-term goals and prioritize their tasks effectively.

##### ❖ Effective Planning:

Students understood how to prepare daily and weekly schedules to manage their study time efficiently.

##### ❖ Reduced Procrastination:

The session helped students recognize the causes of procrastination and techniques to overcome it.

##### ❖ Increased Productivity:

Students learned how to use their time wisely, leading to better focus and higher efficiency in completing tasks.

## WRITING SKILL PROGRAMME

ACADEMIC YEAR 2024-2025

DEPARTMENT NAME	ENGLISH
DATE	13.08.2024
VENUE	ROOM NO. 006
EVENT	WRITING SKILL PROGRAMME
CLASS	II M.A ENGLISH
IN CHARGE	T. VIMALA
CHIEF GUEST	G. LEELAVATHI, DEPT OF ENGLISH
NO OF PARTICIPANTS / BENEFICIARIES	02

### BRIEF REPORT :

The students of II M.A English organized Writing skill on 13.08.2024 from 11:00a.m. to 12:00p.m. In this programme Mrs. Leelavathi gave a brief explanation on the Research Paper Writing Process for the students. She taught them how to write a project, align, steps for writing the project, etc. The students were inspired and got an idea of writing the thesis, research methodology and gained knowledge on PG projects.

## DEPARTMENT OF ENGLISH

### WRITING SKILL PROGRAMME

#### II M.A. ENGLISH

The Writing Skill Programme on Research Paper Writing for II M.A. English was organized on 13.08.2024 from 11:00 a.m. to 12:00 p.m. The Chief Guest of the day, Mrs. G. Leelavathi, Assistant Professor and Head of the Department, specifically targeted II M.A. students.

The session emphasized the critical aspects of writing research papers, including topic selection, conducting a comprehensive literary review and structuring the paper effectively. Mrs. Leelavathi, guided the students through the process of crafting a clear thesis statement, developing a coherent methodology, and presenting findings with analytical precision. Students were engaged in practical exercises to apply these techniques, enhancing their ability to produce well-structured and impactful research papers.

## PG & RESEARCH DEPARTMENT OF COMMERCE

Academic year – 2024 - 2025

### Aims:

- To Self-motivation helps you set clear goals and understand *why* you want to achieve them, giving direction and meaning to your actions.
- To Discipline ensures you stay focused and work steadily toward your aims, even when motivation fades.
- By staying disciplined, you take ownership of your progress, which strengthens confidence and personal accountability.
- To Motivation provides the desire to start, while discipline provides the structure to continue together, they turn your aims into real accomplishments.

### Objectives:

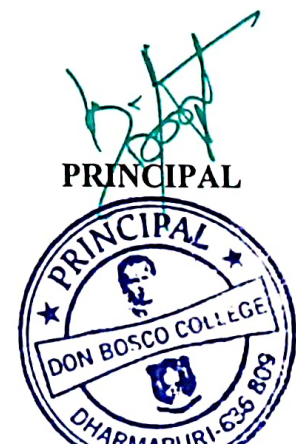

- Self-motivation helps you identify what you truly want to achieve, giving clear and meaningful objectives.
- Motivation inspires you to set realistic and achievable targets that guide your actions.
- Discipline keeps you focused and organized, helping you work step-by-step toward your objectives.
- Together, self-motivation and discipline strengthen your determination to stay on track until your objectives are fulfilled.

### Report on Self-Motivation and Discipline program

#### Report on Soft Skill Programme on Self-Motivation and Discipline

The Department of Commerce conducted a Soft Skill Programme on Self-Motivation and Discipline on 28th August 2024 for the students of III B.Com (CA). The session aimed to enhance the self-motivation, focus, and discipline of the students.

The Chief Guest of the programme was Mr. S. Vadamalai, an eminent resource person known for his expertise in personal development and personality enhancement. He was warmly welcomed by the faculty and students of the department.

In his address, he emphasized the importance of self-motivation and discipline in achieving success in both personal and professional life. He shared valuable insights on developing consistency, positive thinking, and goal-oriented behavior. The session also included interactive activities that encouraged students to reflect on their habits and identify ways to improve their self-discipline and determination.

The students actively participated and expressed that the programme was highly beneficial in improving their personal effectiveness and confidence. The event concluded with a vote of thanks, appreciating the Chief Guest for his inspiring talk and the faculty members for organizing the session successfully.

### REPORT ON SOFT SKILL PROGRAMME

#### III B.Sc., CS

#### AIM:

To enhance students' ability to think critically, analyse situations, and make effective decisions through practical problem-solving techniques, thereby preparing them for real-life challenges in academic, professional, and personal contexts.

#### OBJECTIVES:

The session aimed to introduce students to structured problem-solving approaches and effective decision-making tools. It focused on enhancing their ability to evaluate options critically and logically, building confidence in managing complex situations.

#### REPORT:

The students of III B.Sc. Computer Science organized a Soft Skills session on **Employability skills** on 19th December 2024 in UG lab from 09:10 AM to 10:30 AM. The Chief Guest for the day was **Mr. S. Krishnan, M.Sc, B.Ed., Assistant Professor, Department of Computer Science**. The session aimed to enhance students' critical thinking abilities and equip them with effective decision-making skills applicable in diverse situations. During the session, students actively participated in activities designed to develop their problem-solving skills and decision-making processes.

The session was facilitated **Mr. A. Prakash., Assistant Professor of Computer Science**, and the entire programme was coordinated by the Class Mentors, **Mr.S.Ramadass, Ms.S.Vithya.** The session concluded with a formal vote of thanks, leaving a positive and lasting impact on all participants.

## Outcomes:

- Developing critical abilities like communication, problem solving, and teamwork, as well as personal attributes such as adaptability, self-management, and initiative.
- Analyze and compare tools, technologies, and approaches based on project requirements.
- Apply structured decision-making models (e.g., SWOT analysis, cost-benefit analysis) in technical scenarios.
- Demonstrate the ability to justify and defend project-related decisions with logical reasoning.
- Collaborate effectively in teams to make strategic choices in software planning and development.
- Reflect on the outcomes of decisions made and learn to improve future decision-making processes.

## DEPARTMENT OF PHYSICS

### REPORT ON SOFT SKILL TRAINING PROGRAMME

#### Aim and Objectives:

To help learners enhance their soft skills and personality alongside their technical abilities. By developing professional, social, and academic skills, they can harness hidden strengths, capabilities, and knowledge, equipping them to excel in real-world work environments and corporate life.

#### Expected Learning Outcomes:

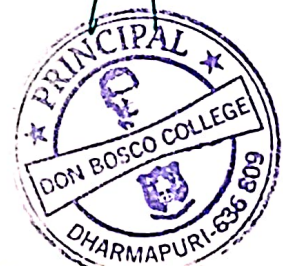

- ❖ To know about various aspects of soft skills and learn ways to develop personality.
- ❖ To provide insight into much-needed technical and non-technical qualities in career planning.
- ❖ Learn about Leadership, team building, decision-making stress management, and time management.

## REPORT

The Programme was started with a welcome address by S.Ramkumar, Headcum Assistant Professor, Department of Physics. The lecture was given by Mr. P. Murugan, Sub Inspector, Hindu Religious and Charitable Endowments Department, Chennai.

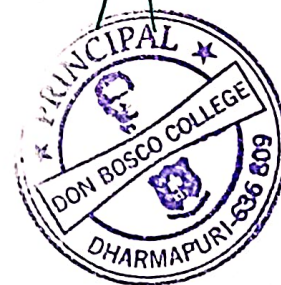

He explained examination tips, including challenging tasks that require lengthy homework, thorough preparation, a study of multidisciplinary subject areas, practice tests/Mock tests, and Cyclic events such as preparing, performing, and time management. He instructed the students to solve as many previous year question papers as possible and analyze the questions and concepts. At the end of the session, the chief guest said, "Hard work and dedication are the keys to cracking all types of competitive exams." This session helped students become acquainted with the syllabus, eligibility, and other criteria for competitive exams. The vote of thanks was conveyed by Mr. P. Inbam, Assistant Professor, Department of Physics.

## PG DEPARTMENT COMPUTER SCIENCE

### REPORT ON SOFT SKILL PROGRAMME

II B.Sc., CS

#### AIM:

To enhance students' ability to think critically, analyze situations, and make effective decisions through practical problem-solving techniques, thereby preparing them for real-life challenges in academic, professional, and personal contexts.

#### OBJECTIVES:

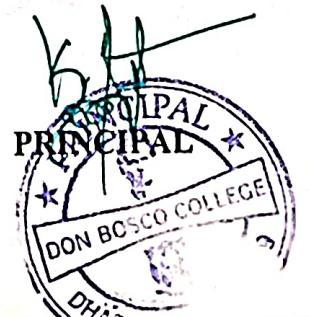

The session aimed to introduce students to structured problem-solving approaches and effective decision-making tools. It focused on enhancing their ability to evaluate options critically and logically, building confidence in managing complex situations.

#### REPORT:

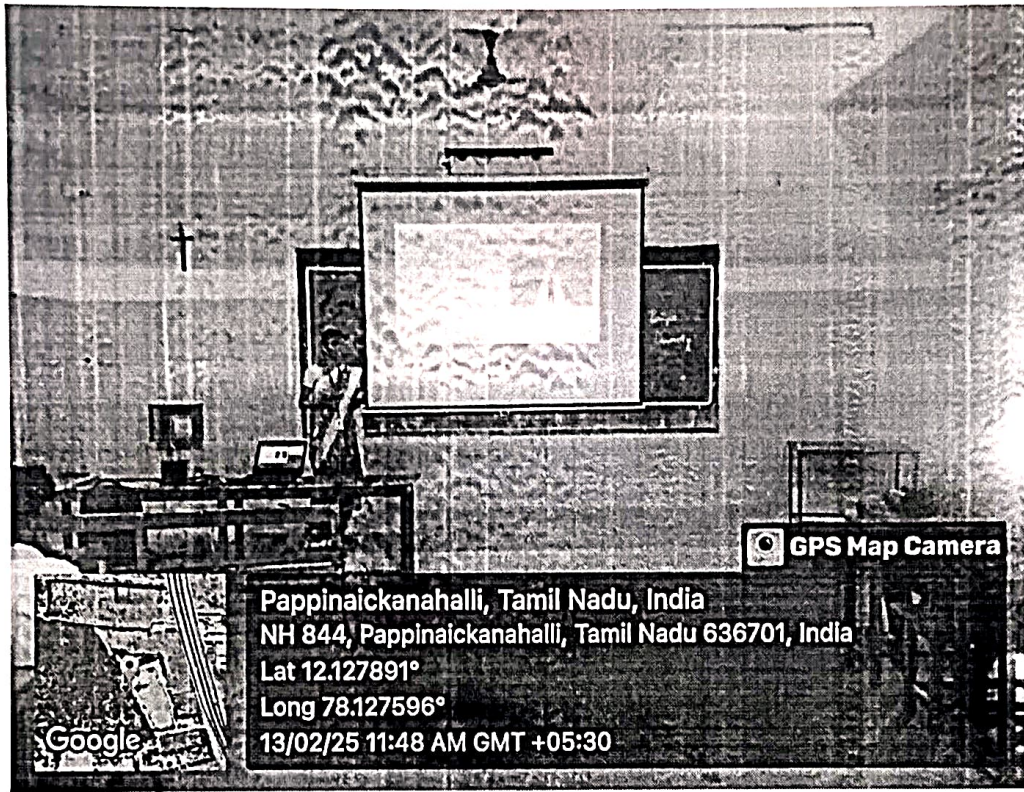

The students of II B.Sc. Computer Science 'A' organized a Soft Skills session on **Problem Solving and Decision Making** on 13.02.2025 in Room No: 112 from 12:45 PM to 01:35 PM. The Chief Guest for the day was Mrs K.Nadhiya, M.Sc.,M.hil.,B.Ed., Assistant Professor, Department of Computer Science. The session aimed to enhance students' critical thinking abilities and equip them with effective decision-making skills applicable in diverse situations. During the session, students actively participated in activities designed to develop their problem-solving skills and decision-making processes. The session was facilitated by Mr.P.Ramachandran, Assistant Professor of Computer Science, and the entire programme was coordinated by the Class Mentors Mr. A. Prakash, Mrs.S.Manjula. The session concluded with a formal vote of thanks, leaving a positive and lasting impact on all participants.

## Outcomes

- **Explore multiple solution paths** through brainstorming and group discussions, evaluating each based on feasibility, consequences, and effectiveness.
- **Use decision-making frameworks** (such as pros and cons analysis, SWOT analysis, etc.) to support logical and evidence-based choices.
- **Develop the ability to make timely and confident decisions**, even under pressure or in uncertain conditions.
- **Engage in collaborative problem-solving**, demonstrating teamwork, active listening, and mutual respect during group activities and case study discussions.
- **Reflect on the decision-making process** to identify areas of improvement, acknowledge outcomes, and learn from both successes and mistakes.
- **Demonstrate improved communication skills**, especially in articulating problems, proposing solutions, and justifying decisions made during exercises.

## DEPARTMENT OF COMPUTER APPLICATIONS

### CIRCULAR

**Date:** 24th February 2025

**Subject:** Soft Skill Program ( Employability ) – 2025 Reg.

**Dear Students,**

We are pleased to announce a soft skills program on "Employability Skills" aimed at enhancing your professional development and preparing you for the modern workforce. This program is designed to equip you with essential skills required to succeed in your chosen career.

**The program details are as follows:**

- Date: 25th February 2025
- Time: 12:30 pm - 1:35 pm
- Venue: Room No. 212

We invite all students to attend this informative and interactive session. Your presence will contribute significantly to your personal and professional growth.

Thank you.

**For further details, please contact:**

**Mrs.Manjula R**, Assistant Professor, Department of Computer Applications,

**Mr.Krishnan S**, Assistant Professor, Department of Computer Applications.

#### Head of the Department

**Mr.R SAGAYAM, MCA., M.Phil,**

Head & Assistant Professor,

Department of Computer Applications,

Don Bosco College, Dharmapuri.

## AIM AND OBJECTIVES

### SOFT SKILL ( EMPLOYABILITY )

#### AIM:

The aim of the Soft Skills Program on **Employability** was to enhance students' **professional etiquette, communication skills, and workplace readiness**. It focused on **basic manners, teamwork, adaptability, and problem-solving skills** to improve their career prospects. The session aimed to build confidence and prepare students for real-world job environments.

#### OBJECTIVES:

##### **Enhance Employability Skills**

Equip students with essential workplace skills for career success.

##### **Improve Communication**

Develop verbal and non-verbal communication for professional interactions.

##### **Build Professional Etiquette**

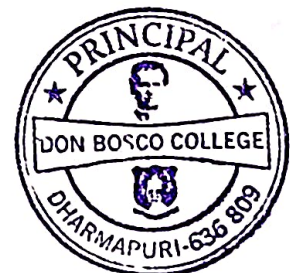

Teach basic manners, teamwork, and adaptability in a work environment.

##### **Develop Confidence**

Strengthen self-presentation and problem-solving abilities.

##### **Prepare for Workplace Challenges**

Foster critical thinking and decision-making skills for real-world scenarios.

## REPORT ON SOFT SKILLS PROGRAM – EMPLOYABILITY

A Soft Skills Program titled "**Employability**" was conducted for **II BCA A & B** students, with a total of **73 participants**. The session aimed to enhance students' **professional etiquette, communication skills, and workplace readiness**. The program emphasized the importance of **basic manners, teamwork, adaptability, and problem-solving skills** to improve their career prospects.

The chief guest conducted an interactive session, guiding students on the essential qualities required for professional success. The discussion covered fundamental aspects such as **effective communication, professional behavior, and workplace ethics**. Through real-world examples and practical insights, students were encouraged to develop a positive attitude and a growth mindset.

The session provided students with an understanding of how **soft skills play a crucial role in employability**, beyond technical expertise. Emphasis was given to the **importance of confidence, leadership, and adaptability in a corporate environment**. Students actively participated in discussions, asking questions and sharing their thoughts on workplace expectations.

The program was well-structured and supervised by the class in-charges, ensuring smooth execution. Feedback from students indicated that the session was **informative, engaging, and beneficial** in preparing them for future job opportunities.

Overall, the Soft Skills Program successfully equipped students with essential employability skills, making them more confident and prepared for professional challenges ahead.

## OUTCOMES

### **Enhanced Communication Skills**

Students developed better verbal and non-verbal communication abilities.

### **Improved Professional Etiquette**

Gained knowledge of workplace manners, teamwork, and adaptability.

### **Boosted Confidence**

Strengthened self-presentation and interview readiness.

### **Developed Critical Thinking**

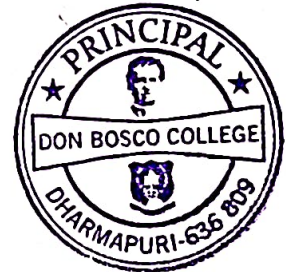

Improved problem-solving and decision-making skills.

### **Increased Workplace Readiness**

Understood key employability skills for career success.

### **Active Engagement**

Students participated in discussions, gaining practical insights into professional behavior.

## PG DEPARTMENT COMPUTER SCIENCE

### REPORT ON SOFT SKILL PROGRAMME

I B.Sc., CS

#### AIM:

To enhance students' ability to think critically, analyse situations, and make effective decisions through practical problem-solving techniques, thereby preparing them for real-life challenges in academic, professional, and personal contexts.

#### OBJECTIVES:

The session aimed to introduce students to structured problem-solving approaches and effective decision-making tools. It focused on enhancing their ability to evaluate options critically and logically, building confidence in managing complex situations.

#### REPORT:

The students of II B.Sc. Computer Science 'A' organized a Soft Skills session on **Decision Making in Software Projects** on 6th March 2025 in Room No: 112 from 12:45 PM to 01:35 PM. The Chief Guest for the day was **Mr. P. Ramachandran, M.Sc, B.Ed., Assistant Professor, Department of Computer Science.** The session aimed to enhance students' critical thinking abilities and equip them with effective decision-making skills applicable in diverse situations. During the session, students actively participated in activities designed to develop their problem-solving skills and decision-making processes.

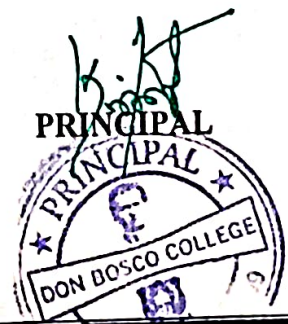

The session was facilitated **Mr. A. Prakash., Assistant Professor of Computer Science,** and the entire programme was coordinated by the Class Mentors, **Ms.K.Nadhiya, S.Vaideshwari** The session concluded with a formal vote of thanks, leaving a positive and lasting impact on all participants.

**Outcomes:**

- Understand the significance of decision-making at various stages of a software project.
- Analyze and compare tools, technologies, and approaches based on project requirements.
- Apply structured decision-making models (e.g., SWOT analysis, cost-benefit analysis) in technical scenarios.
- Demonstrate the ability to justify and defend project-related decisions with logical reasoning.
- Collaborate effectively in teams to make strategic choices in software planning and development.
- Reflect on the outcomes of decisions made and learn to improve future decision-making processes.

COMPUTER SKILL PROGRAMME

CIRCULAR

DATE: 19.03.2025

A Computer Skill Programme is scheduled to be conducted on 21st March 2025 for the First- and Second-Year students of our college. The session will be handled by Mr. Yogeshwaran, an experienced Computer staff from department of computer science. Don Bosco College. The objective of this programme is to enhance students' proficiency in essential computer skills that are vital for their academic and professional development. The session will take place from 12:45PM to 1:35 PM in the room number 303. All I and II-year students are requested to attend the programme without fail and make the most of this valuable opportunity. Attendance is compulsory.

## PG DEPARTMENT OF CHEMISTRY

### COMPUTER SKILL PROGRAMME-MARCH 2025

INCHARGE: Dr. G. SANKAR

CLASS: I AND II-B.Sc., CHEMISTRY

Aim:

The aim of the Computer Skill Programme was to introduce first- and second-year students to fundamental computing skills, focusing on MS Office basics, to enhance their technical proficiency and academic performance.

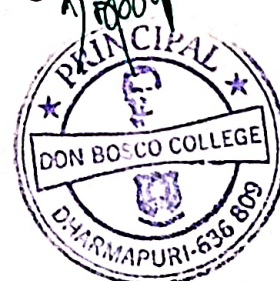

Objectives:

- To familiarize students with the basic features and functions of MS Office applications.
- To improve students' ability to create and edit documents, spreadsheets, and presentations.
- To encourage interactive learning by addressing students' queries and enhancing their confidence in using computers.

The Computer Skill Programme session was conducted during the last hour, from 12:45 PM to 1:35 PM. The session was led by Mr. Yogeshwar from the B.C.A. Department. The focus of the class was on introducing MS Office basics, covering Microsoft Word, Excel, and PowerPoint. The students actively participated and showed keen interest in learning new skills.

Student Engagement:

The students attended the session with enthusiasm and showed a high level of interest in learning about MS Office. They interacted with the instructor by asking basic questions related to the topic, indicating their eagerness to understand the concepts better.

Outcomes:

- Students gained a foundational understanding of MS Office applications.
- They learned to create and edit documents, spreadsheets, and presentations efficiently.
- The interactive session helped in clarifying their doubts and building confidence in using computers for academic purposes.
- The session encouraged students to explore more advanced features of MS Office in the future.

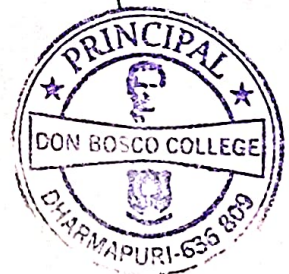

The Computer Skill Programme was successful in achieving its objectives. The enthusiastic participation of the students and their eagerness to learn indicated the effectiveness of the session. Such initiatives should be continued to further enhance students' technical skills and digital literacy.

### Hackathon Programme (28/04/2025)

#### AIM:

We are a group of enthusiastic students from our educational institution who have a keen interest in technology and innovation. We are excited to participate in the hackathon organized by fellow students from the Hackathon club.

This event will allow us to showcase our creativity and problem-solving skills as we collaborate with like-minded individuals. As part of our involvement in this hackathon event, we will be developing and submitting a presentation in the form of a PowerPoint (PPT) to highlight our project, ideas, and the innovative solutions we create during the competition. This opportunity not only enables us to work on our technical skills but also fosters teamwork and communication among team members.

We believe that participating in this hackathon is an invaluable experience that will enrich our understanding of real-world applications of our academic knowledge and prepare us for future challenges in the tech industry. We are eager to make the most out of this experience.

## PG of Department Chemistry Hackathon Programme (28/04/2025)

### Objectives:

Students from our institution are enthusiastic about participating in the upcoming Hackathon programme organized by Periyar University. The objective of this participation is to foster innovation, enhance problem-solving skills, and encourage teamwork among students. Through this event, students aim to apply their technical knowledge in real-world scenarios, develop creative solutions, and gain exposure to industry-relevant challenges.

The Hackathon provides a platform to showcase talent, collaborate with peers, and interact with experts from various domains. This initiative also aims to boost confidence, improve coding and presentation skills, and motivate students to pursue research and development in emerging technologies.

### Hackathon Programme (28/04/2025)

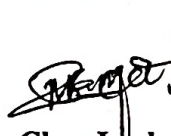

#### Report

A group of enthusiastic students from our institution has expressed strong interest in participating in the upcoming Hackathon organized by Periyar University, Salem. This event presents a unique opportunity for students to engage in real-time problem-solving and showcase their technical, analytical, and creative skills in a competitive environment.

The Hackathon aims to foster innovation, creativity, and collaborative thinking among participants by encouraging them to develop practical solutions to contemporary issues. Our students, hailing from various academic backgrounds, are eager to take part in this challenge and are currently preparing their presentations and project ideas to align with the themes provided by the organizing committee. The teams will be submitting a PowerPoint presentation as part of the initial round of the selection process, followed by live project demonstrations if shortlisted.

This participation not only reflects the academic excellence and technical competence of our students but also underscores the institution's commitment to promoting experiential learning and industry-relevant skill development. Through this Hackathon, students are expected to gain hands-on experience in coding, application development, data analysis, and teamwork. Moreover, such events help build confidence, improve communication skills, and enhance their readiness for future employment or entrepreneurial ventures.

Faculty members and mentors from our institution are guiding the participating teams in refining their ideas and preparing them for the event. The management extends its best wishes to all the participants and believes that their involvement in this event will yield valuable learning outcomes and open doors to greater academic and professional opportunities.

### SOFT SKILLS PROGRAMME

#### Aim:

To enhance participants' ability to actively listen in professional and personal interactions, fostering improved designing skills.

#### Objectives:

- ✓ Understand the core principles and components of design
- ✓ Identify common barriers to effective listening and strategies to overcome them.
- ✓ Practice and demonstrate active listening techniques such as paraphrasing, summarizing, and asking clarifying questions.
- ✓ Develop awareness of non-verbal cues in active listening (e.g., eye contact, body language, facial expressions).
- ✓ Apply active listening skills in real-world scenarios such as meetings, feedback sessions, conflict resolution, and teamwork.

## GRAPHIC DESIGNING - REPORT

Date : 06.03.2025

Time : 11:00 am to 11.50 am

Class : III JMC

Venue : Class Room No: 205

The Department of B.A JMC (DPM) organized graphic designing skills for III JMC students on 06.03.2025 between 11.00 am to 11.50 am in Room No. 205. Resource person for the programme was S.VAIDESHWARI M.Sc.,

In this programme students were educated about graphic designing skills. Designing skills covered the following points:

- Posters
- Business cards
- Brochures

After the session students got insight into how to make a graphic design and students are motivated to become a good designer.

### Outcomes of a soft skill Program:

- Enhanced **creativity** through visual problem-solving and idea generation.
- Improved **communication skills** by conveying messages effectively through design.
- Strengthened **collaboration abilities** while working in teams on design projects.
- Better **time management** from meeting project deadlines and handling multiple tasks.
- Increased **attention to detail** in layout, color selection, and accuracy.
- Developed **critical thinking** through evaluating design choices and user needs.
- Improved **adaptability** by working with different tools, styles, and feedback.
- Boosted **presentation skills** by explaining design concepts confidently.
- Enhanced **client-handling skills**, interpreting requirements professionally.
- Strengthened **problem-solving abilities** through creative visual solutions.

## PG DEPARTMENT OF CHEMISTRY (2024-2025) Hackathon Program

Date: 29/04/2025

Time: 10:00 AM – 3:00 PM

Venue: Periyar University

### Aims:

The primary aim of the Hackathon Program is to foster innovation, creativity, and problem-solving skills among students through hands-on experience. It encourages collaborative teamwork as participants tackle real-world challenges using scientific and technological approaches. The program promotes critical thinking, time management, and effective communication while nurturing interest in sustainable and impactful solutions. By working on theme-based problems, such as green chemistry or eco-friendly innovations, students gain practical knowledge and exposure beyond the classroom. The hackathon also serves as a platform for mentorship, idea exchange, and showcasing talent, ultimately preparing students for future academic and professional pursuits in science and technology.

### Objectives:

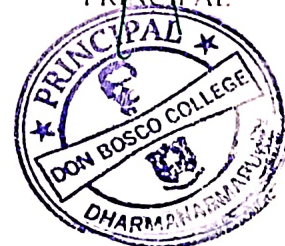

The objectives of the Hackathon Program are to engage students in solving real-world problems using innovative and scientific approaches. It aims to enhance teamwork, critical thinking, and creativity by encouraging collaborative project development. The program provides a platform for applying theoretical knowledge to practical scenarios, especially in areas like green chemistry and sustainable practices. It fosters mentorship, peer learning, and constructive feedback from experts. Additionally, the hackathon nurtures communication and presentation skills as students showcase their solutions to a panel. Ultimately, it seeks to inspire a passion for research, innovation, and sustainable development among young learners.

## PG DEPARTMENT OF CHEMISTRY (2024-2025)

### Hackathon Program Report

Date: 29/04/2025

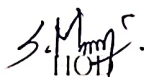

Time: 10:00 AM – 3:00 PM

Venue: Periyar University

The chemistry-based event commenced promptly at 10:00 AM with a warm welcome address delivered by the faculty coordinator, setting an enthusiastic tone for the day's activities. Following the opening remarks, participating students were organized into small, collaborative teams and assigned specific chemistry-related problems to tackle. These challenges were thoughtfully curated to align with contemporary themes such as green chemistry, eco-friendly solutions, and innovative laboratory practices, encouraging students to think critically and creatively. Throughout the morning and early afternoon, faculty members played an instrumental role in mentoring and guiding the student teams. Their support ensured that participants remained on track, understood the scientific principles behind their assigned problems, and explored practical, sustainable solutions. The collaborative atmosphere fostered a spirit of innovation and teamwork among the students.

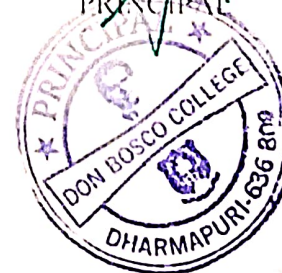

At 2:30 PM, after hours of brainstorming and project development, each team had the opportunity to present their solutions before a panel of judges comprising faculty and subject matter experts. The presentations highlighted the students' hard work, scientific knowledge, and problem-solving abilities. The judges evaluated each project based on creativity, feasibility, and relevance to the theme. The event concluded on a celebratory note at 3:00 PM with the announcement of the winning teams, who were applauded for their outstanding efforts. A heartfelt vote of thanks was extended to all the participants, faculty mentors, and organizers. To commemorate their involvement and dedication, every student received a certificate of participation, making the event a memorable and enriching experience for all.

## PG DEPARTMENT OF CHEMISTRY (2024-2025)

### Hackathon Program

#### Outcomes:

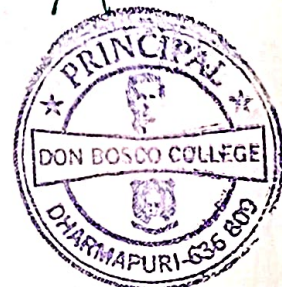

The Hackathon Program resulted in several positive outcomes. Students developed practical solutions to real-world problems, enhancing their creativity, problem-solving, and teamwork skills. They gained hands-on experience in applying scientific concepts, particularly in green chemistry and sustainability. The event also improved their communication and presentation abilities as they shared their ideas with judges and peers. Faculty mentorship provided valuable guidance, fostering a deeper understanding of innovative practices. The program encouraged a spirit of collaboration and innovation, leaving participants more confident and inspired. All students received certificates, recognizing their efforts and reinforcing the importance of research-driven, eco-friendly solutions in modern science.

### Soft Skill Program

2024-2025

#### Outcomes:

- Improved Communication Skills: Participants developed greater confidence in verbal and written communication, enabling them to express ideas clearly and effectively in professional settings.
- Enhanced Teamwork and Collaboration: The program fostered a spirit of cooperation, helping students learn how to work efficiently in teams and respect diverse viewpoints.
- Better Time Management and Organization: Students learned how to prioritize tasks, manage deadlines, and maintain productivity in a structured manner.
- Increased Confidence and Professionalism: Through mock interviews and interactive sessions, participants gained self-assurance and understood workplace etiquette and behaviour

## REPORT ON SOFT SKILLS

2024-2025

### EMPLOYABILITY SKILLS

On 01<sup>st</sup> October 2024, The Department OF English organised a program on the topic "Employability Skills" in ROOM NO.006 for UG third year students. Mr. N.Suryaprakash, Assistant Professor, Department of English was presided over program as the chief guest. The MC was organised by C. Antony Sham. The program began with prayer song. Welcome speech was given by C. Antony Sham of III B.A. English. Further session was handed over to Chief Guest Mr.N.SuryaPrakash, Assistant Professor, Department Of English. Our Chief Guest addressed about the importance and its impact on the life of students.

Our Chief Guest presented the power point slides regarding Employability Skills. He explained each and every core element of Employability skills such as team work, communication, planning, organising, leadership, creative thinking and adaptability. He interacted with the Students in a very interesting manner regarding life-oriented skills. They too participated and gave a Positive Approach. The Session was very useful, motivational and they gained knowledge about the skills. The Programme ended up with the vote of thanks by E. Divya Dharshini, student of III B.A. English.

## DEPARTMENT OF PHYSICS

### REPORT ON SOFT SKILL TRAINING PROGRAMME

#### Aim and Objectives:

To help learners develop their soft skills and enhance their personality and technical skills. By cultivating professional, social, and academic abilities, they can harness hidden strengths, capabilities, and knowledge to excel in real work environments and corporate life. Understand various issues in personal and professional communication and learn to overcome them.

#### Expected Learning Outcomes:

- ❖ To know about various aspects of soft skills and learn ways to develop personality
- ❖ Understand the importance and type of communication in a personal and professional environment.
- ❖ To provide insight into much-needed technical and non-technical qualities in career planning.
- ❖ Learn about Leadership, team building, decision making, and stress management.

## REPORT

The Department of Physics organized a soft programme titled “Importance of Soft Skill in Career Development” on December 20 2024 for all Physics students. Chief Guest of the programme is Mr.C.George Arockiaraj, Assistant Professor cum Controller of examinations, Department of Physics, Don Bosco College, Dharmapuri.

During the event, students were exposed to a wide range of techniques and strategies aimed at improving their non-verbal communication. They were taught the significance of maintaining eye contact, using appropriate gestures, and projecting confidence through body language. These skills were emphasized as crucial for establishing rapport, building trust, and conveying messages effectively. In addition to non-verbal communication, the event also focused on enhancing students' verbal communication skills. Active listening, articulation, and persuasive speaking were key components of effective communication. Students were encouraged to actively engage in discussions, debates, and presentations to practice and refine these skills.

The event also covered other important aspects such as teamwork, problem-solving, and leadership. Students were encouraged to participate in group activities, where they could develop their teamwork and collaboration skills. They were also introduced to problem-solving techniques and encouraged to think critically and creatively.

## DEPARTMENT OF COMPUTER APPLICATIONS

### REPORT ON SOFT SKILLS TRAINING

#### I BCA

#### Skill building

(Job Orientation and Skill Enhancement Training Programme)

(2024-2025)

#### AIM

Soft skills complement technical skills – known as hard skills – and influence how people behave and interact. Skills such as communication, leadership and empathy are increasingly sought after in recruitment and selection processes and help people thrive in the workplace, socially and personally.

#### OBJECTIVES

Soft skills empower your employees to collaborate and work together in order to collectively meet company goals and objectives. In turn, this leads to improved efficiency and heightened productivity.

#### REPORT

A skill building programme was held on 16.12.2024 at Room no.212 Mr N. SURYAPRAKASH, M.A., B.Ed., Assistant Professor, Department of English delivered a topic on skill building. In this programme the resource person discussed about how those skills are role played among students. Skill building help to round out a student's profile which is useful in seeking academic and career guidance. They learnt how to enhance them within and without circumstance in the academic field. At the end of this session all the students understood about these skills. Finally the resource person motivated and encouraged the students the important of skill building.
