REPORT ON CO-CURRICULAR ACTIVITIES

I – BCA

AIM

Co-curricular Activities (CCA) ensures the harmonious growth of personality in children. CCA are an extension of the formal learning experiences and play a vital role in supplementing the academic activities.

OBJECTIVES

These activities are designed to meet the needs of the students and cover a broad/wide range of their abilities and talents. These activities enhance the learning experience of the students and help in recognizing and developing their inner skills such as leadership qualities, creative or innovative skills etc.

REPORT ON CO-CURRICULAR ACTIVITIES

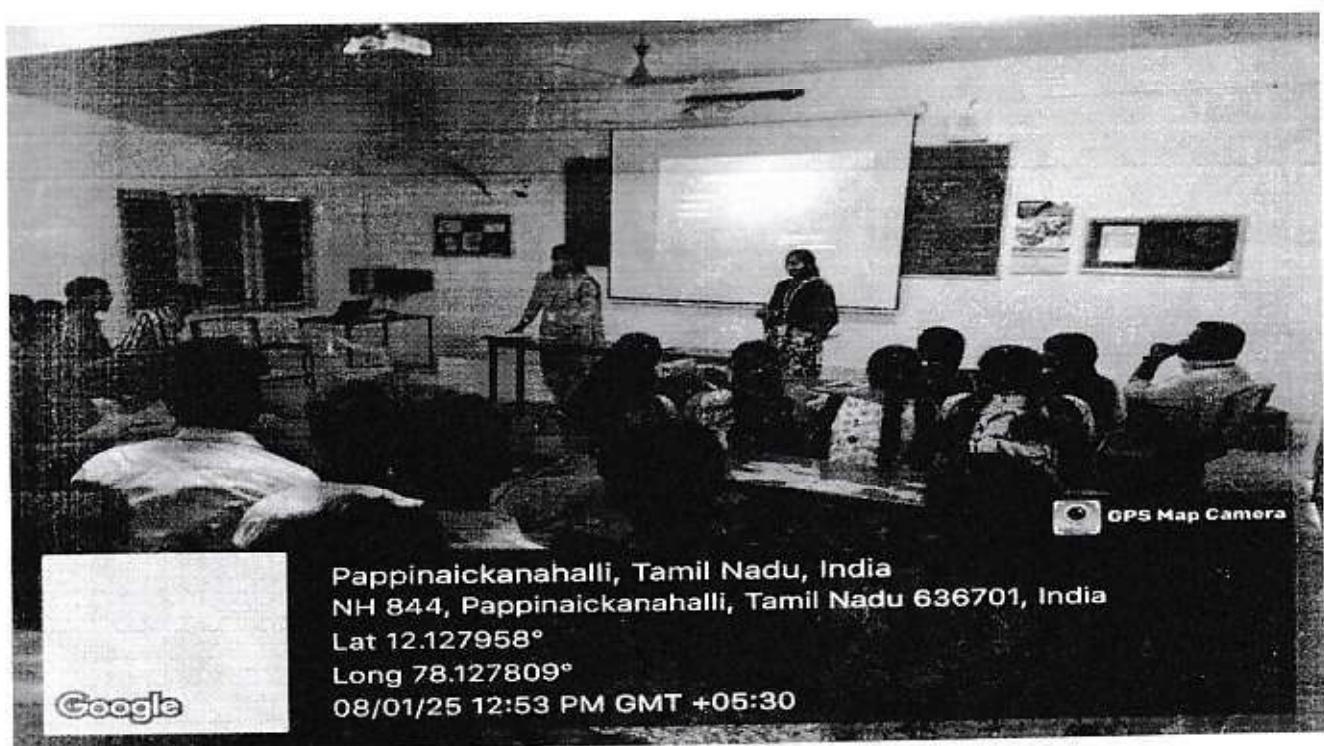

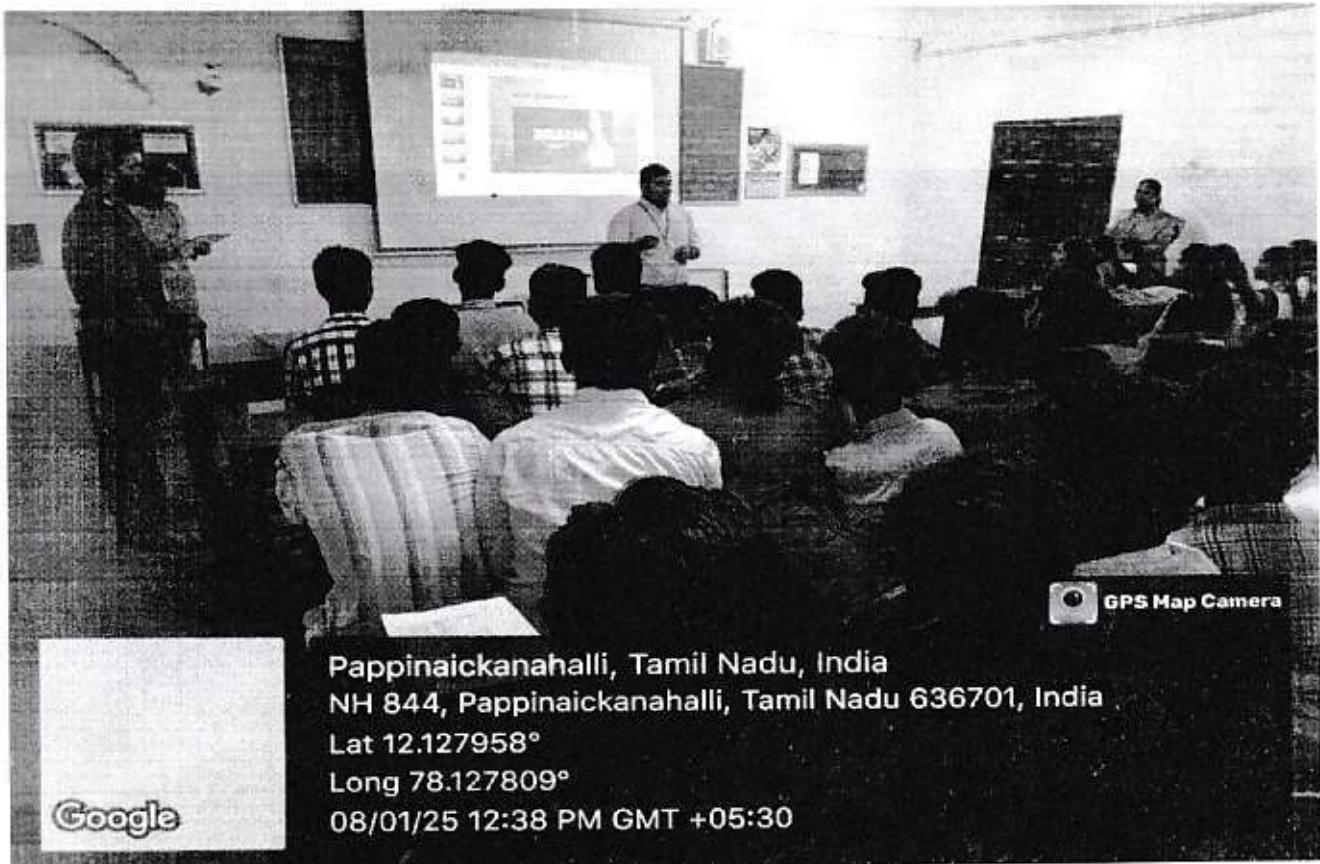

The students of I – BCA organized Co-Curricular Activities on 08.01.2025 at 12.30 P.M TO 1.35 P.M. The Chief Guest of the day was Mr. S. RAMACHANDRAN, M.Sc., B.Ed., M.Phil., Assistant Professor, Department of Computer Science. The programme started with prayer song followed by technical paper presentation by Mr. RAGAVAN P & LOKESHWARAN V on AWS, followed by Mr. HENRY JOHN BRITTO Y video presentation, then Mr. DHANASEKAR M & ROGITH G organized quiz competition, Game organized by Ms. DEEPA D & Ms. VEENA M, then Ms. DHATCHAYANI K & NARAYANAN D Mimicry and dance. Thus the CCA ended joyfully with a formal vote of thanks by I Ms. M. VEENA.

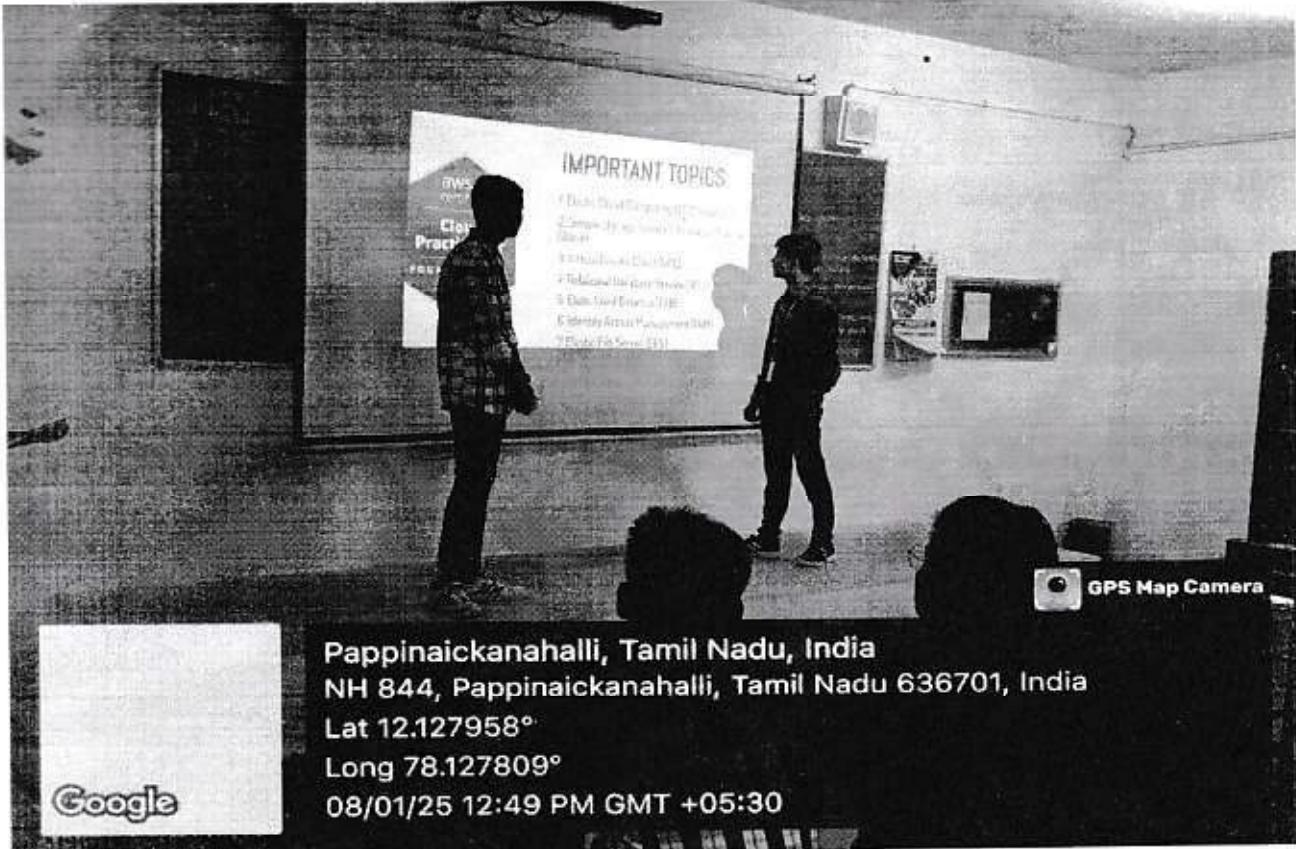

The Chief Guest motivated the students to live a moral and good exampled life.

Mr. S. KRISHNAN, Assistant Professor of Computer application honored the Chief Guest. This general event was organized by I BCA students with the support of their Class Mentors: Ms. C. Jothi.

The programme came to an end with a formal vote of thanks.

AIM:

Co-curricular activities are meant to bring social skills, intellectual skills, moral values, personality progress and character appeal in students.

OBJECTIVES:

The purpose of co-curricular activities is to fuel student learning and to build important life skills. Skills built, such as social and leadership skills, can enrich a student's academic experience.

They provide a hierarchical system for all grade levels/subjects with aims, then goals for specific subjects/grade levels or units, and finally objectives for individual lessons.

REPORT ON CO-CURRICULAR ACTIVITIES

Aim:

The aim of the Co-Curricular Activities (CCA) program is to provide students with opportunities for personal development, growth, and learning beyond the academic curriculum. These activities are designed to help students develop important life skills such as teamwork, leadership, communication, time management, and problem-solving. CCAs encourage students to explore their interests, discover new talents, and build character in a structured, supportive environment.

Objectives:

The objectives of the Co-Curricular Activities (CCA) program are slightly more focused on personal and professional growth, while still emphasizing holistic development. The goals of CCA programs including Skill Enhancement, Leadership Development, Community Engagement and Social Responsibility, Fostering Creativity and Innovation, Building Professional Networks, Cultural and Global Awareness, Promoting Physical Well-being.

According to McClelland Theory of needs, each person possesses these three motivators to varying extents. Knowing a person's motivational profile can help explain their behaviors and performance in different settings. Overall, McClelland's theory emphasizes how the drive to achieve, bond, and lead shapes human behavior. The need for achievement refers to a person's drive to excel, succeed, and achieve goals.

The resources person gave speech about how to prepare preparation of banking exam techniques, CA exam preparation guidelines, personality development activities for personal growth, good habits. It was helpful to the students and enabled them to present papers in companies without any mistake.

REPORT FOR CURRICULUM ORIENTATION-2024

CLASS: I B.Sc., CHEMISTRY

VENUE: ROOM NO: 303

STAFF: Dr. G. SANKAR

TIME: 09.00 AM – 9.50 AM

DATE: 05.08.2024

The curriculum orientation for the first-year B.Sc. Chemistry students was conducted on **05.08.2024** to introduce them to the course structure, academic expectations, and available resources to support their studies. The event aimed to provide a comprehensive overview of the program and foster a sense of community among the new students.

Introduction to the Curriculum

The staff provided a detailed presentation of the B.Sc. Chemistry curriculum. Key points included:

- Core Subjects:** An overview of the mandatory courses that provide a solid foundation in chemistry.
- Elective Options:** Information on elective courses available in the later semesters, allowing students to tailor their education to their interests.
- Laboratory Work:** Emphasis on the importance of practical lab sessions and how they complement theoretical learning.
- Research Opportunities:** Introduction to research projects and how students can get involved in research from early in their academic careers.

Academic Expectations and Assessment Methods:

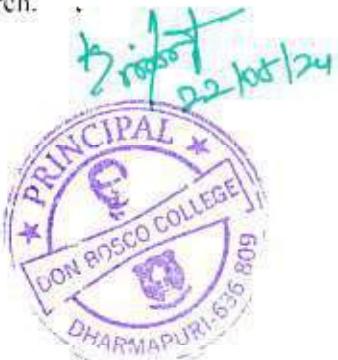

The staff explained the academic standards and assessment methods. Key topics covered:

- Grading Policies:** Breakdown of the grading system, including the weightage of exams, assignments, and practical.
- Attendance Requirements:** Importance of regular attendance and participation in classes and labs.
- Assessment Methods:** Different types of assessments students will encounter, such as written exams, practical exams, continuous assessments, and project work.

Resources and Support Services

The staff outlined the various resources and support services available to students. These included:

- Libraries:** Access to textbooks, reference materials, and online resources.
- Laboratories:** Well-equipped labs for practical sessions and research.

- **Tutoring Services:** Availability of tutoring and academic support for students needing extra help.
- **Counselling Services:** Mental health support and counselling services.
- **Career Guidance:** Resources for career planning and job placements.

Extracurricular Activities

The staff highlighted the importance of research and extracurricular activities. Topics included:

- **Internships:** Information on internships and how they can enhance students' learning and career prospects.
- **Seminars and Workshops:** Availability of seminars, workshops, and conferences to broaden students' knowledge and skills.
- **Extracurricular Activities:** Clubs, societies, and activities that students can join to enrich their university experience.

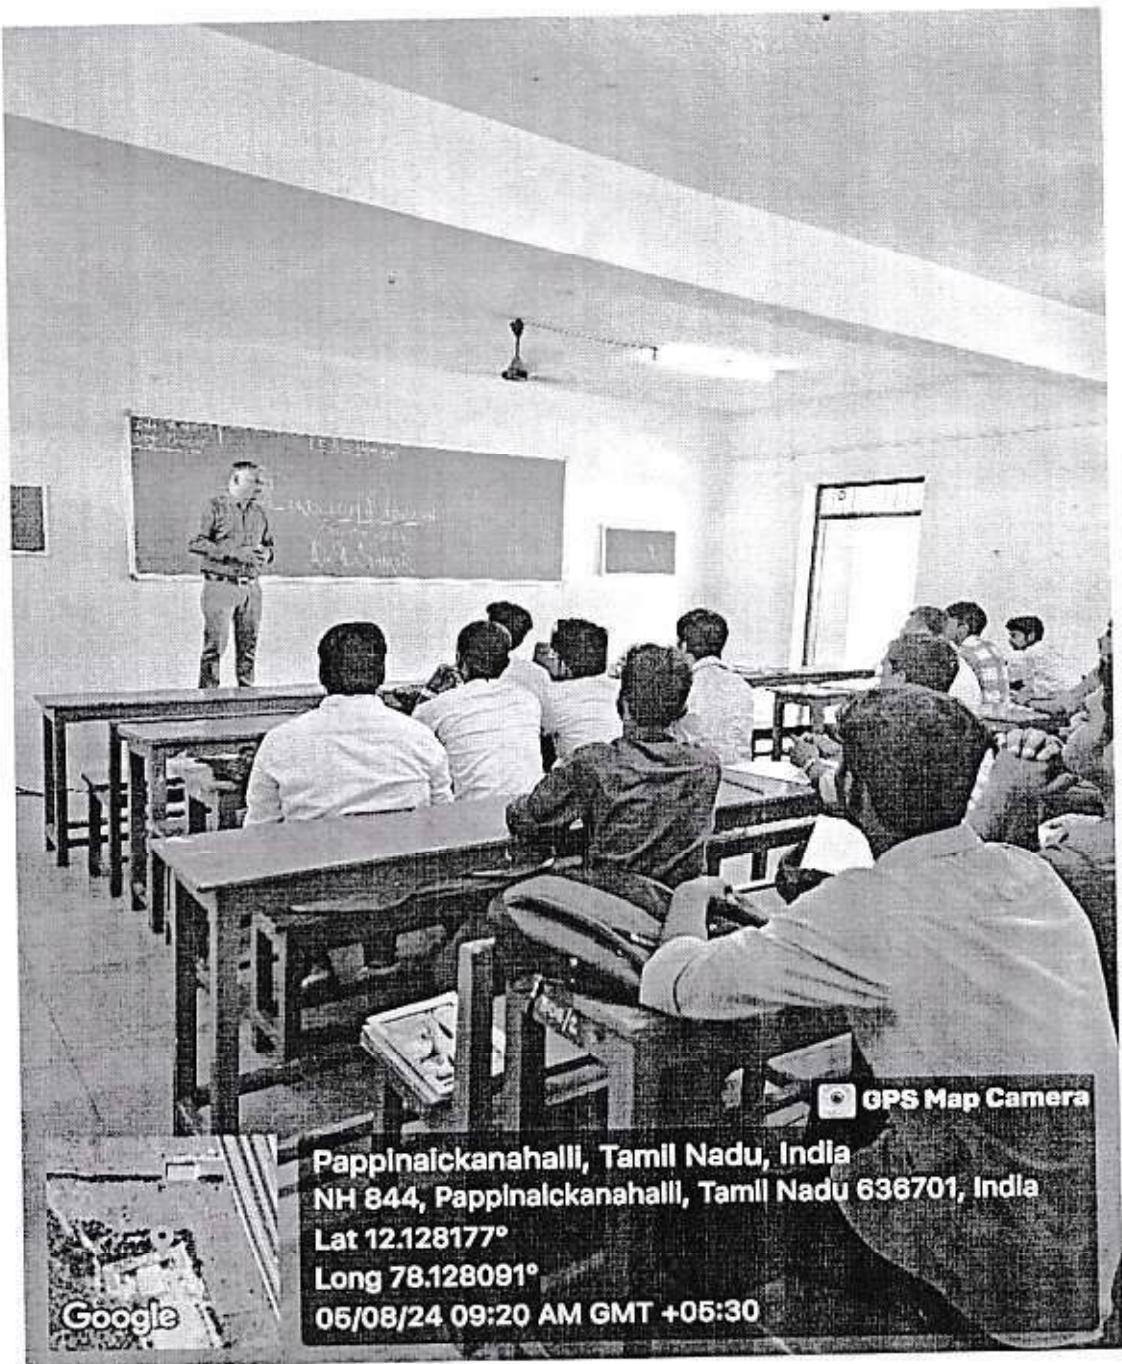

The curriculum orientation was a successful event, setting a positive tone for the academic year. The session equipped the first-year B.Sc. Chemistry students with the necessary information and motivation to embark on their academic journey with confidence and enthusiasm.

PG DEPARTMENT OF CHEMISTRY CO-CURRICULAR ASSEMBLY REPORT

Aim:

The aim of this event was to encourage students to participate in extracurricular engagements that foster creativity, confidence, and teamwork, while also enhancing their overall personality development.

Objective:

- To enhance students' confidence and public speaking skills.
- To promote teamwork and collaboration among students.
- To provide a platform for students to showcase their talents.
- To emphasize the importance of extracurricular activities in overall personality development.
- To inspire students through motivational speeches and performances.

The Department of Chemistry organized a vibrant co-curricular activity for the first-year B.Sc. Chemistry students. The event was conducted with the aim of encouraging students to participate in extracurricular engagements that foster creativity, confidence, and teamwork.

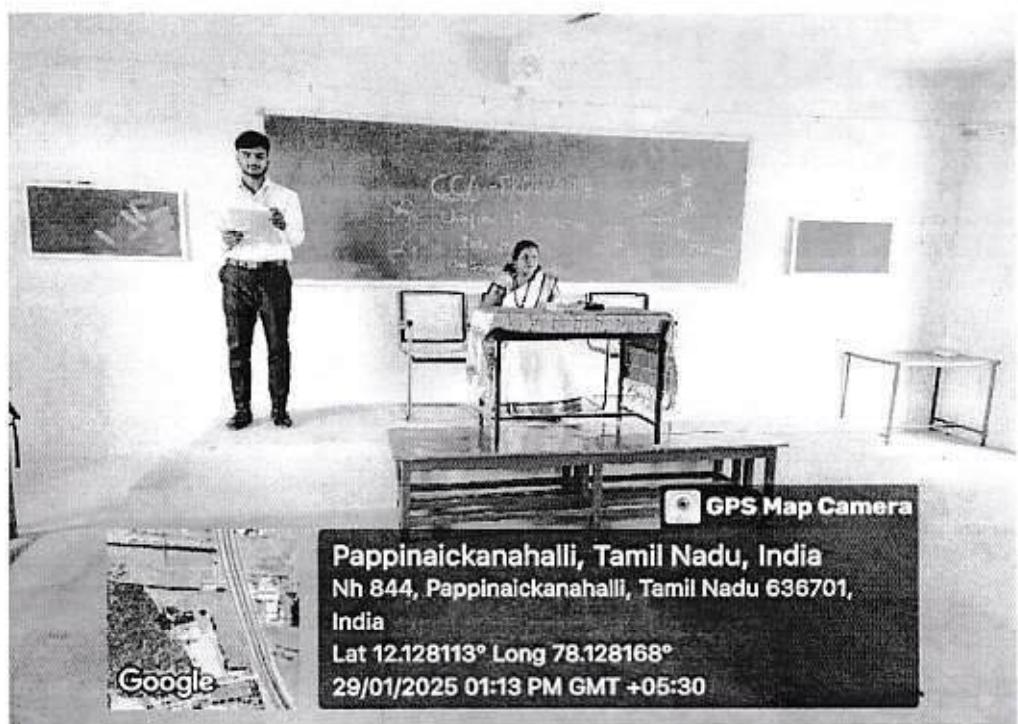

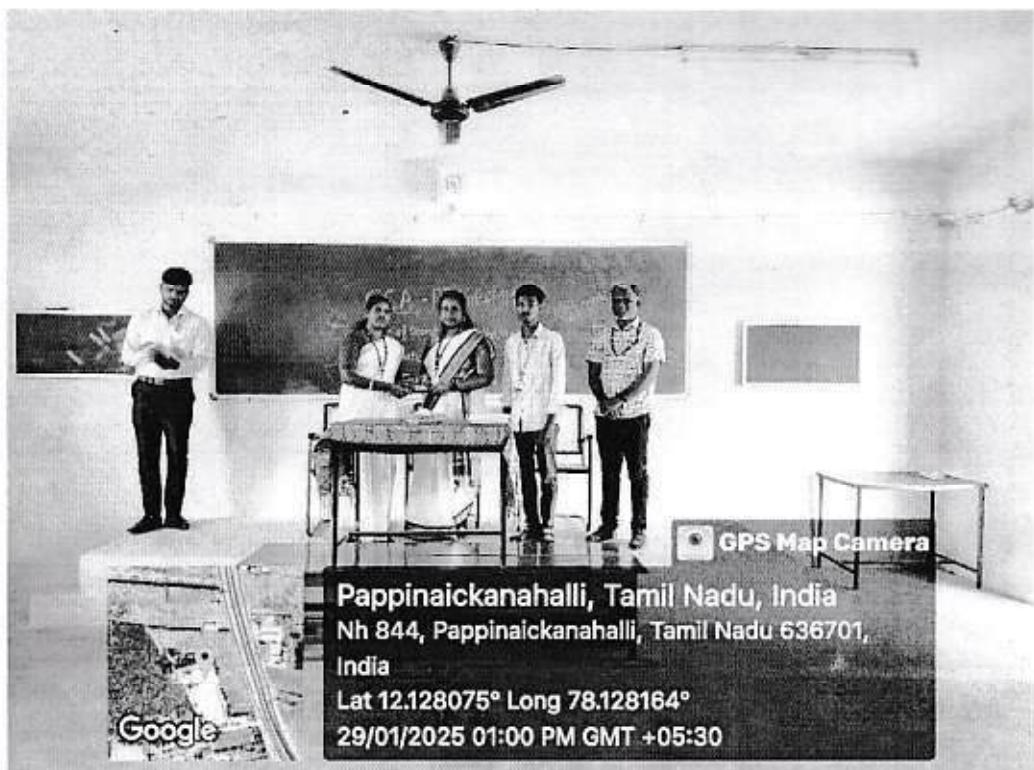

The program commenced with a warm welcome address by SAMUEL A, who highlighted the importance of co-curricular activities in academic life. The students actively participated in various performances, showcasing their talents beyond academics.

A group of boys presented an energetic dance performance that captivated the audience. Their well-coordinated moves and enthusiasm added an element of entertainment to the event. Additionally, some students delivered inspiring speeches on various topics, demonstrating their communication skills and confidence.

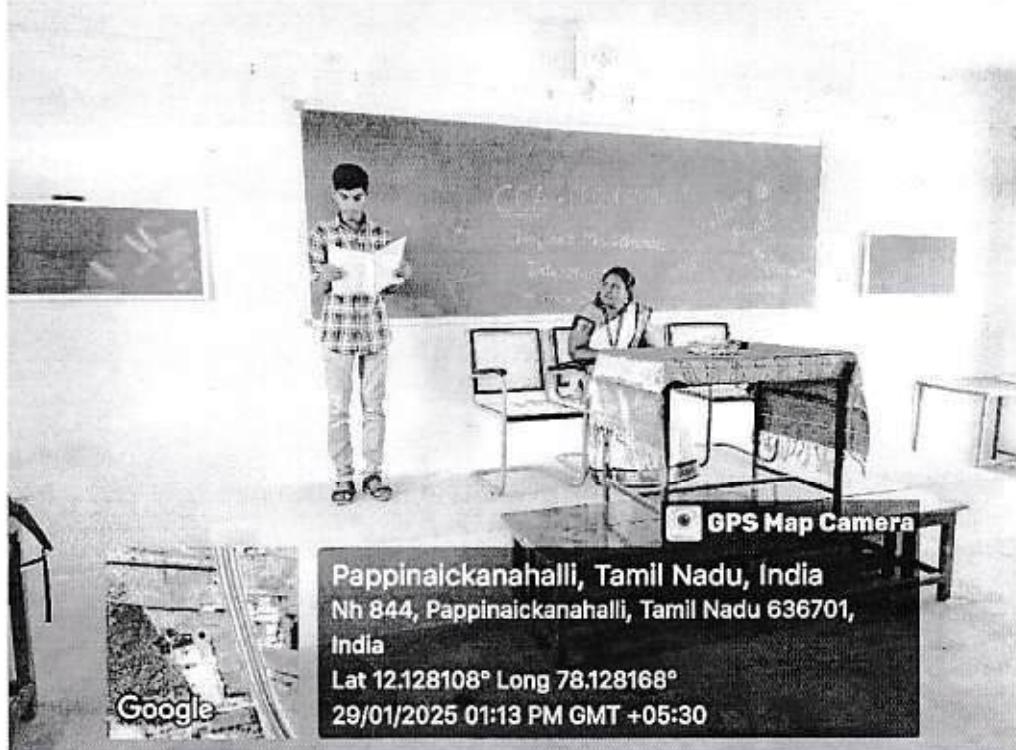

The highlight of the event was the motivational speech delivered by the esteemed Chief Guest, M. Lathashree. The speaker emphasized the significance of maintaining a balance between academics and extracurricular activities. The Chief Guest encouraged students to develop soft skills, leadership qualities, and teamwork, which are essential for their overall growth and future careers.

The event concluded with a vote of thanks by ARUL SIVASAKTHI, expressing gratitude to the faculty, students, and the Chief Guest for their valuable contributions. The program was a grand success, leaving the students motivated and enthusiastic about participating in future activities.

PG DEPARTMENT OF CHEMISTRY CO-CURRICULAR ASSEMBLY REPORT

II B.Sc CHEMISTRY (2024-2025)

DATE: 18/02/2025

OBJECTIVES

The objectives of cocurricular activities encompass a wide range of benefits that go beyond the classroom, offering students opportunities to develop social skills, enhance leadership qualities, foster teamwork, and explore their interests and passions in a practical setting. These activities aim to complement academic learning by providing a platform for students to apply theories into real-life situations, encouraging critical thinking and problem-solving skills. In addition, cocurricular activities play a crucial role in promoting personal growth, self-confidence, and character development, ultimately preparing students for future challenges and successes. They also contribute to a well-rounded education by nurturing creativity, promoting physical fitness, and instilling a sense of responsibility and commitment. Emphasizing holistic development, cocurricular activities enable students to discover hidden talents, build lasting relationships, and gain valuable experiences that shape them into well-rounded individuals ready to excel in an ever-evolving world.

A report was prepared for the co-curricular activity Programme that was organized by the II B.Sc Chemistry students. The event took place on 18th February 2025, at venue 304. The event was graced by the presence of Miss Lathashree, a distinguished guest from the Department of English, who added significant value to the gathering with her insightful presence and engaging address. The Programme included various enriching activities that fostered learning and camaraderie among the participants. The students showcased their talents and skills, demonstrating their passion for chemistry and their dedication to extracurricular pursuits. Miss Lathashree's speech was particularly noteworthy, inspiring the students to pursue excellence and contribute meaningfully to their academic and personal growth. The event served as a platform for the students to showcase their creativity and teamwork, reflecting the vibrant spirit of the academic community. Overall, it was a successful and enriching experience for all those involved, reinforcing the importance of co-curricular activities in enhancing the overall educational experience of the students.

PG DEPARTMENT OF CHEMISTRY

ACADEMIC YEAR (2024-2025)

CO-CURRICULAR ASSEMBLY PROGRAMME

AIM:

The primary aim of a Co-Curricular Assembly Program is to create an inclusive environment in which students can explore, showcase, and develop their talents, interests, and social skills while complementing their academic growth.

OBJECTIVES:

Promote Personal Development: Provide students with opportunities to develop their leadership, communication, and teamwork skills. **Encourage Creativity and Innovation:** Foster an environment that allows students to express their creativity through arts, music, drama, and other activities.

Enhance Social Responsibility: Instill a sense of social awareness and responsibility in students by incorporating themes of empathy, inclusivity, and community service into the assembly. **Boost Confidence:** Create opportunities for students to showcase their talents and build confidence through performances, presentations, and other forms of expression.

Strengthen the School Community: Foster a sense of unity among students, staff, and parents by involving them in a shared experience that encourages school spirit and camaraderie. **Promote Value-Based Education:** Emphasize values such as discipline, respect, integrity, and empathy to contribute to the overall moral and ethical development of students.

CO-CURRICULAR ASSEMBLY

REPORT

DATE: 23.01.2025

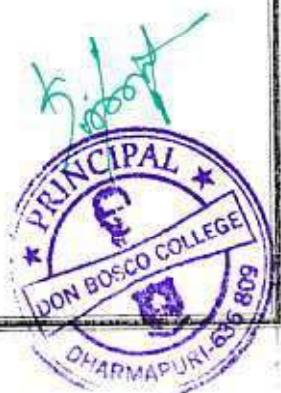

TIME: 12.00 to 1.30 PM

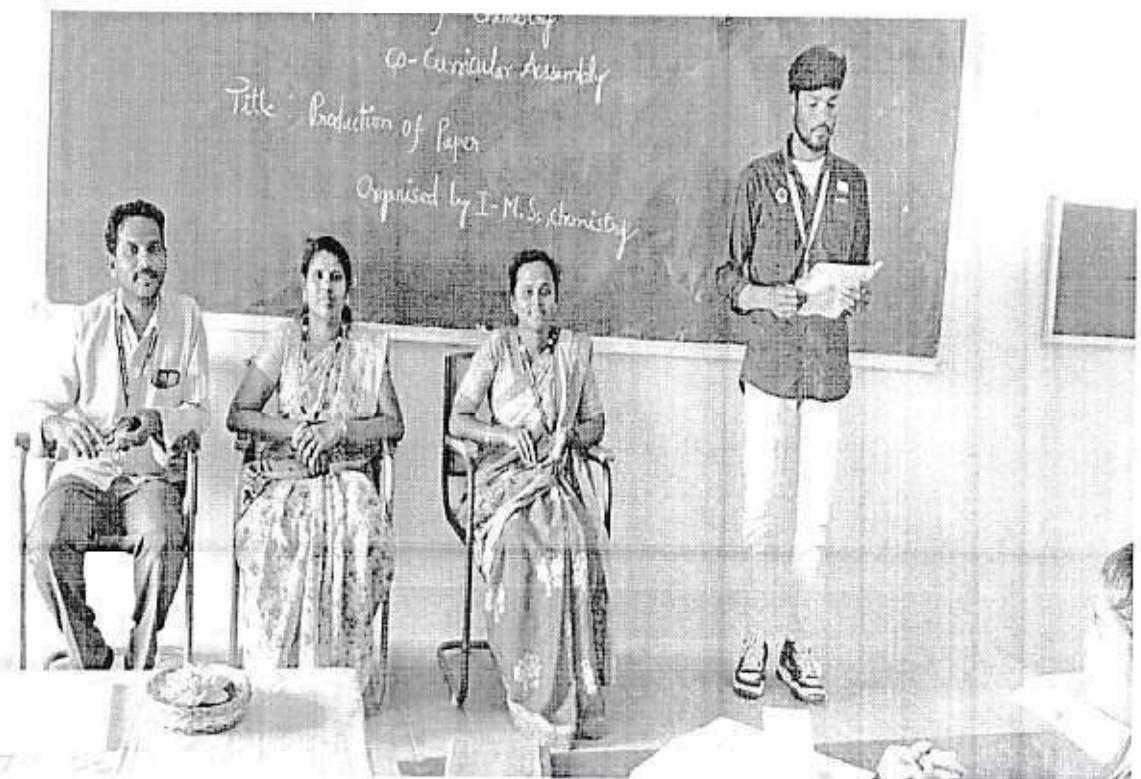

CLASS: I M.SC. CHEMISTRY

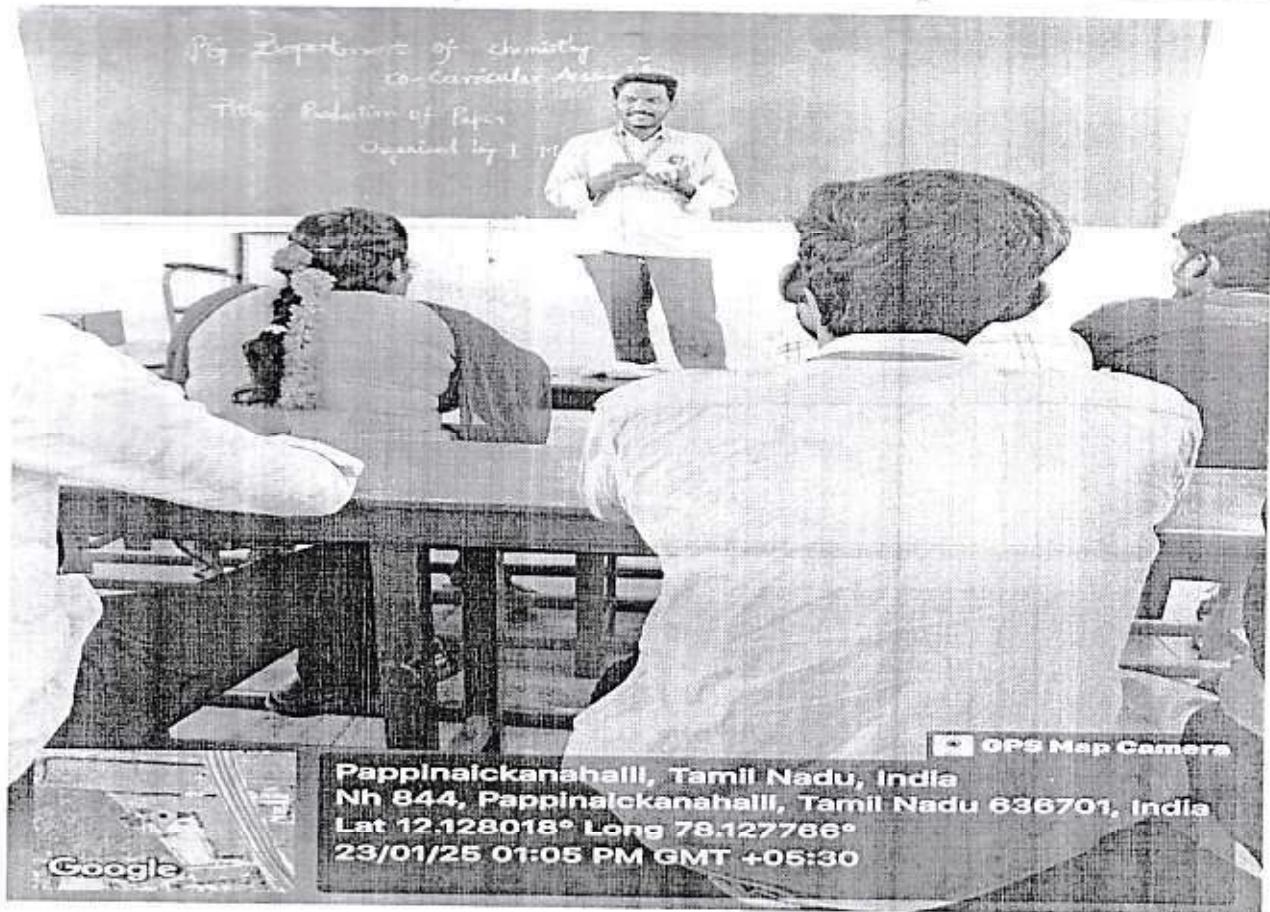

VENUE: ROOM NO : 307

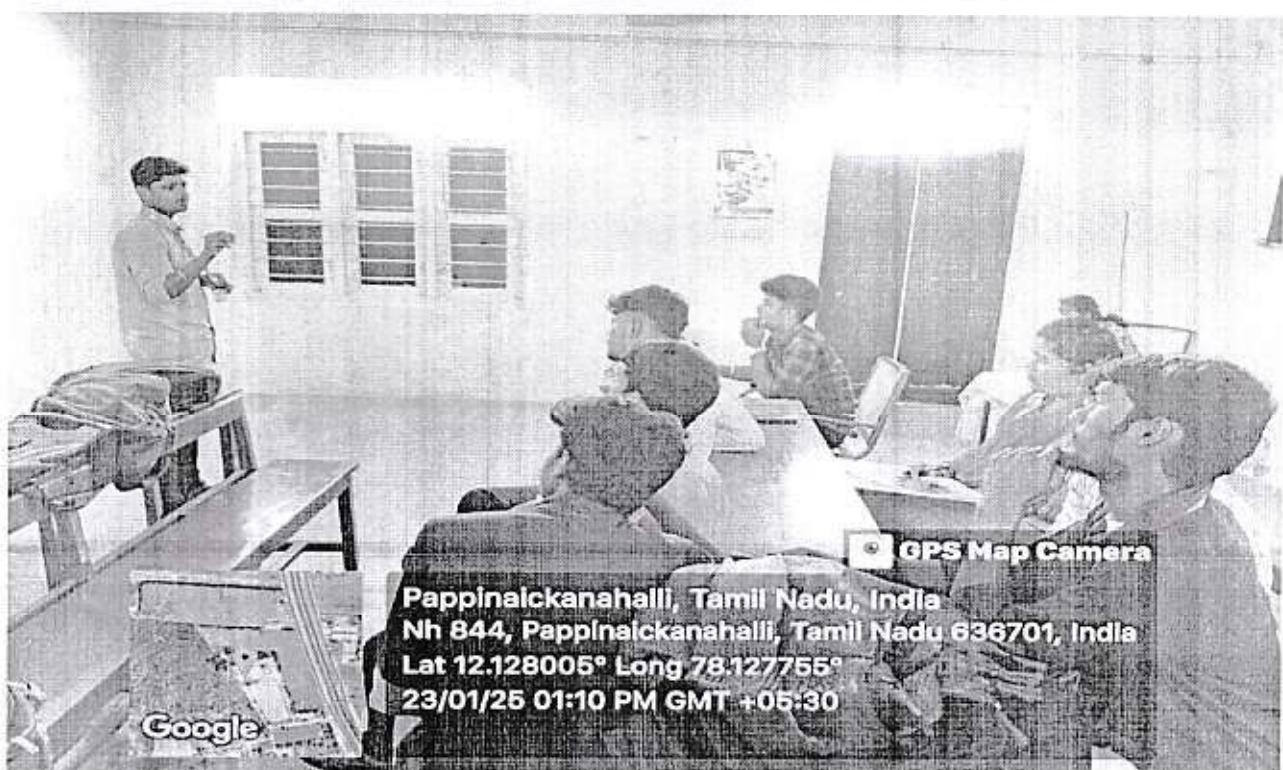

The Co-Curricular Assembly was organized by the First year PG Chemistry students under the guidance of their class in charges Prof. B.Sathiya and Prof.P. INBAM, Asst. Professor, Department of Physics, was the chief guest of the day.

The first-year PG students actively participated in this program. This program showcased the talents of the first-year PG students through a PowerPoint presentation. The chief guest highlighted the impact of chemistry on our daily lives. Chemistry is often perceived as a subject confined to the laboratory, but in reality, it plays a vital role in shaping our world. From the air we breathe to the food we eat, from the medicines we take to the materials we use, chemistry is an integral part of our existence. As our understanding of chemistry advances, we unlock new possibilities for improving human health, protecting the environment, and creating innovative technologies. The chief guest delivered an inspirational and motivational speech to the students, which was highly effective and meaningful.

DEPARTMENT OF PHYSICS

Aim:

The aim of the Co-Curricular Assembly was to enrich the educational experience of the I B.Sc Physics students by integrating historical scientific perspectives with technological knowledge and fostering an understanding of physics and its applications.

Objectives:

1. To provide students with an understanding of Sir Isaac Newton's early life and contributions, highlighting the historical development of physics.
2. To introduce students to the fundamental concepts of computer networking, emphasizing its relevance and applications in modern science and daily life.
3. To strengthen the sense of community among students and faculty and promote collaborative learning and professional development.

Chief Guest Speech Topic	: "Relation between Tamil and Physics"
HOD	: S. Ram Kumar
Class Mentor	: Inbam

On the 30th of July 2024, the Physics Lab hosted an engaging and intellectually stimulating event that commenced at 12:45 PM. The session was led by yuvanesh, who served as the Master of Ceremony, ensuring a smooth and well-coordinated event. The highlight of the event was the keynote speech delivered by Dr. T. Theerthamalai. He address on "Relation between Tamil and Physics" provided a fascinating exploration into how Tamil language and literature intersect with the realm of physics.

The event was well-organized, thanks to Tamilselvan, who managed the hall arrangement with precision. The seating and setup facilitated an interactive and engaging environment for the audience. Adding a practical dimension to the session, students presented a comprehensive PowerPoint presentation on general physics and energy.

Santosh concluded the event with a heartfelt vote of thanks, expressing gratitude to Our College Rector, Principal, Vice Principal, Administrator and Dr. Theerthamalai for his insightful speech, to Lokesh for his excellent arrangements, and to all who contributed to the success of the event. The acknowledgments were well-received and highlighted the collaborative effort involved in making the session a success. The presence of HOD S. Ram Kumar class mentor Inbam, and Sekar, George, Yuvarani and Poonkothai added valuable support and guidance throughout the event. Their participation underscored the importance of academic and mentorship roles in enhancing student learning experiences.

REPORT ON CCA

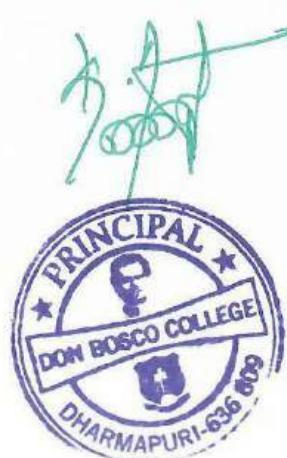

II- B.Sc. (CS)

AIM:

To equip learners with the knowledge and skills to design, develop, and prototype smart devices by integrating hardware and software components, fostering innovation in the field of IoT (Internet of Things) and embedded systems .

OBJECTIVE :

- Understand the fundamentals of smart devices and IoT architecture.
- Identify and use sensors, actuators, and microcontrollers (e.g., Arduino, Raspberry Pi).
- Design and build functional prototypes of smart devices.
- Program devices to collect, process, and transmit data.
- Integrate smart devices with mobile apps or cloud platforms.
- Ensure device security, efficiency, and user-friendliness.
- Work collaboratively to solve real-world problems using smart technology.
