அழைப்பு மடல்

18.12.2024

பேரன்புடையீர் வணக்கம்.

உலகளாவிய நிறுவனமாகத் திகழும் சலேசியத் துறவிகளால் நடத்தப்படும் தருமபுரி, தொன் போஸ்கோ கலை அறிவியல் கல்லூரி, கிராமப்புற ஏழை, எளிய மாணவர்களின் நலனில் மிகவும் அக்கறை கொண்டு சிறப்பாகச் செயல்படுகிறது. மிகக்குறுகிய காலத்திலேயே, மிகப்பெரிய வளர்ச்சி பெற்று, தருமபுரி மாவட்டத்திலேயே முதல்தரமான கல்லூரியாக விளங்குகிறது.

கடந்த ஆண்டு தேசியத் தர மதிப்பீட்டுக் குழுவின் NAAC B++ என்ற தரச்சான்று பெற்றக் கல்லூரியாகவும் திகழ்கிறது. தொன் போஸ்கோ கல்லூரியின் தமிழ்த்துறைச் சார்பாக எதிர்வரும் 19.02.2025 அன்று 'தமிழ் இலக்கியங்கள் உணர்த்தும் வாழ்வியல் சிந்தனைகள்' என்ற தலைப்பில் பன்னாட்டுக்கருத்தரங்கம் நடைபெற உள்ளது.

தமிழ்ப்பேராசிரியர்களும், சான்றோர்களும் கலந்து கொண்டு கருத்தரங்கைச் சிறப்பிக்க உள்ளனர். அதில் தாங்கள் கட்டுரைகளை வழங்கி, வருகை தந்துச் சிறப்பிக்குமாறு வேண்டுகிறோம்.

அன்புடன்
தமிழ்த்துறை.

AIMS AND OBJECTIVES

The objective of a Commonwealth Literature seminar can vary depending on the specific focus and scope of the seminar. However, some possible objectives of a Commonwealth Literature seminar include:

Broad Objectives

1. Exploring Postcolonial Identities: Analyzing how Commonwealth literature reflects the complexities of postcolonial identities, cultures, and histories.
2. Understanding Global Connections: Examining the literary representations of global connections, diasporas, and transnational relationships within the Commonwealth.
3. Decolonizing Literary Canons: Challenging traditional literary canons and exploring the diverse literary traditions and voices within the Commonwealth.

Specific Objectives

1. Analyzing Themes and Motifs: Investigating recurring themes and motifs in Commonwealth literature, such as colonialism, migration, identity, and social justice.
2. Comparative Literary Studies: Comparing and contrasting literary works from different Commonwealth regions, such as Africa, Asia, the Caribbean, and the Pacific.
3. Author Studies: Examining the life, works, and literary contributions of prominent Commonwealth authors, such as Salman Rushdie, Derek Walcott, or Toni Morrison.

Critical Thinking and Research Objectives

1. Critical Analysis: Developing critical thinking skills to analyze and interpret Commonwealth literary texts.
2. Research and Scholarship: Encouraging original research and scholarship on Commonwealth literature, including its historical, cultural, and social contexts.
3. Interdisciplinary Approaches: Exploring interdisciplinary approaches to studying Commonwealth literature, incorporating insights from history, sociology, anthropology, and cultural studies.

COMMONWEALTH LITERATURE - SEMINAR REPORT

Seminar on Commonwealth Literature was organized on 24.01.2025 in the DB Hall. The Resource person was DR. R. Moorthi, M.A., M.Phil., M.Ed., NET., Ph.D. Guest Faculty of PG Department of English, Government Arts College, Dharmapuri. The seminar started with a prayer song at 9.30 a.m. Then the Head of the Department Mrs. G. Leelavathi welcomed the gathering. E-magazine of the department was published by Rev. Fr. Christopher Alexander, the mentor of the department and Vice-Principal of our college and it was received by Dr. K. Anand, the Principal. The resource person addressed the gathering on the origin of the term Commonwealth and he spoke about the countries and the authors who belong to this literature. The second session started after the tea break around 11.30 a.m. Students carefully listened to the informative lecture given by the resource person and the seminar concluded at 1.00 p.m. The students gathered in the hall around 2 p.m. for the competitions to be held. Poetry painting was organized in Room No.006 and Literary Quiz on Commonwealth Literature was organized in the DB Hall. There were five rounds like Spell Bee, Flash Cards, Connections, Books and Authors and Literary Quiz based on books, incidents, characters etc related to Commonwealth literature. Each college formed a team of two participants. Two colleges participated in the Seminar. That is Sacred Heart College and Government Arts College for women, Karimangalam. Totally there were 30 participants from other colleges and 28 students from our own department. All the staff of English Department of our college actively participated. The Poetry painting was judged by Rev. Fr. Thomas George, Vice-Rector and Vice-Principal. Certificates and prizes were distributed for the winners of the competition and participants of the seminar. All the participants were provided tea, snacks, lunch as well as seminar kit.

OUTCOMES

The outcome of Commonwealth literature is a body of work that explores the experiences and perspectives of people from former British colonies, often focusing on themes of colonialism, identity, cultural hybridity, and postcolonial struggles, ultimately contributing to a broader understanding of diverse cultures and the impact of imperialism on the global stage; it aims to give voice to marginalized communities and challenge dominant narratives by exposing the complexities of postcolonial societies through literary expression.

AIM AND OBJECTIVES

STATE LEVEL SEMINAR - 2025

AIM:

The aim of this seminar is to help students understand how machine learning can be used to improve software engineering. It will cover how machine learning can make software development smarter, faster, and more efficient. Students will learn about real-world applications, current trends, and how these technologies can shape the future of software development.

OBJECTIVES:

Introduce the Basics: Understand the fundamental concepts of software engineering and machine learning.

Explore Integration: Learn how machine learning can be integrated into various stages of the software development lifecycle.

Highlight Applications: Identify real-world applications where machine learning enhances software development processes.

Discuss Challenges: Analyze the challenges and limitations of applying machine learning in software engineering.

Foster Critical Thinking: Encourage students to think critically about how emerging technologies can influence future software projects.

Inspire Innovation: Motivate students to explore new ideas and innovations at the intersection of software engineering and machine learning.

REPORT

STATE LEVEL SEMINAR - 2025

Venue : Bosco Hall, Don Bosco College (Autonomous), Dharmapuri
Organised By : Department of BCA
Event Report : State Level Seminar on "Software Engineering with Machine Learning Approaches"

The Department of BCA, Don Bosco College (Autonomous), Dharmapuri, organized a State Level Seminar on the topic "*Software Engineering with Machine Learning Approaches*" on 10th February 2025, from 09:30 AM to 01:30 PM. The seminar aimed to provide an in-depth understanding of the intersection between traditional software engineering practices and modern machine learning techniques. This initiative was taken to enhance the technical knowledge of students and faculty members in emerging areas of computer science and to promote interdisciplinary thinking among budding technocrats.

The event was graced by the presence of the distinguished resource person, **Dr. R. CHENNAPPAN**, Assistant Professor, Department of Computer Applications, Karpagam Academy of Higher Education, Coimbatore. Dr. Chennappan is a renowned academician and researcher with extensive experience in the fields of software engineering, data analytics, and machine learning. His presence added immense value to the seminar, and his lecture offered new perspectives on how machine learning is influencing and transforming software development methodologies in both academia and industry.

The seminar commenced at 09:30 AM with a formal inauguration ceremony. The welcome address was delivered by the Head of the Department, who warmly greeted the gathering and emphasized the importance of staying updated with cutting-edge technologies. This was followed by a felicitation of the resource person. The Principal of the college, in his keynote message, encouraged students and staff to make the most of such academic events and highlighted the need to adapt to rapidly evolving technological landscapes.

Dr. R. Chennappan began his technical session at 10:00 AM. His lecture was structured around key concepts such as the evolution of software engineering, the limitations of traditional methodologies, and how the infusion of machine learning techniques is addressing many of those challenges. He elaborated on how predictive models can be used for efficient software testing, how machine learning can assist in software project management, and how intelligent algorithms can be applied for defect prediction, requirement classification, and software maintenance. He also provided real-world examples and case studies to show the practical applications of these approaches. His ability to simplify complex topics and relate them to real-time scenarios made the session highly engaging and informative.

A particularly impressive part of the seminar was the live demonstration segment, where Dr. Chennappan showcased the implementation of a machine learning algorithm for identifying potential software faults. He illustrated how machine learning models, trained on historical project data, can predict issues in code before deployment. This sparked a lot of interest among the participants, many of whom asked insightful questions during the Q&A session that followed.

The seminar witnessed enthusiastic participation from both internal and external audiences. A total of 198 students and staff members from Don Bosco College attended the seminar, while 52 participants joined from other colleges across the state. The event was conducted in hybrid mode, with provisions for online attendance to ensure inclusivity and greater outreach. The virtual platform allowed remote participants to engage in the session actively, with live streaming of the lecture and real-time interaction during the discussion segments.

The interactive Q&A session held toward the end of the seminar was particularly vibrant. Participants raised questions on a variety of topics, including the feasibility of integrating machine learning models in legacy systems, the skill sets required to transition from traditional software development to AI-driven development, and the ethical implications of automated decision-making systems. Dr. Chennappan patiently addressed each query, providing valuable insights and encouraging participants to explore further through academic research and project work.

The session concluded at 01:30 PM with a formal vote of thanks delivered by a faculty coordinator. Gratitude was expressed to the management, the Principal, the Vice Principal, and all faculty members who extended their support to make this event successful. Special appreciation was extended to Dr. R. Chennappan for accepting the invitation and delivering a thought-provoking session. The organizing committee also acknowledged the efforts of student volunteers who contributed significantly to the smooth conduct of the seminar, both online and offline.

Feedback was collected from the participants at the end of the session. The responses were overwhelmingly positive, with students and staff alike appreciating the relevance of the topic, the clarity of presentation, and the practical orientation of the lecture. Many participants expressed a desire for more such seminars and workshops, particularly ones that include hands-on sessions or mini-project development components related to machine learning in software engineering.

Overall, the State Level Seminar on *"Software Engineering with Machine Learning Approaches"* proved to be a grand success. It not only enriched the knowledge of participants but also motivated them to explore emerging domains where artificial intelligence intersects with classical software systems. The event reflected the department's commitment to providing quality education, fostering innovation, and promoting research-driven learning experiences.

Outcomes of the Seminar

Enhanced Conceptual Understanding:

Participants gained a strong conceptual foundation on how machine learning techniques can be applied within software engineering frameworks. Key topics such as defect prediction, requirement analysis, and intelligent testing methods were clarified, helping students and faculty to connect academic theory with real-world technological trends.

Exposure to Emerging Trends:

The seminar provided valuable insights into current trends at the intersection of Artificial Intelligence and Software Engineering. Participants were introduced to innovative tools and technologies that are reshaping the software development life cycle (SDLC), including ML-powered automation, smart debugging, and data-driven project planning.

Research and Project Motivation:

The technical session inspired many students and faculty members to consider new research directions and final-year projects involving machine learning applications in software systems. It stimulated interest in undertaking interdisciplinary studies combining core programming with AI.

Practical Application Awareness:

Through real-time demonstrations and case studies, attendees were able to understand the practical implementation of ML algorithms for enhancing software quality. This increased their readiness to apply such techniques in academic projects and industry internships.

Improved Technical Communication:

The interactive Q&A session encouraged participants to engage in critical thinking and articulate their ideas and doubts clearly. It created a platform for healthy academic dialogue, thereby boosting technical communication skills among students.

Collaboration and Networking:

With over 50 participants from other colleges and the availability of online access, the seminar created an opportunity for academic networking. It paved the way for possible inter-college collaborations, knowledge sharing, and joint academic ventures in the future.

Recognition and Institutional Prestige:

Hosting a state-level seminar with a renowned resource person enhanced the academic reputation of the BCA department and Don Bosco College. It reflected the institution's commitment to quality education, innovation, and staying current with industry demands.

Encouragement for Hybrid Learning Models:

Successfully managing a hybrid seminar proved the department's capability to conduct future events using blended modes, thus expanding outreach and inclusivity.

Positive Feedback and Demand for Continuation:

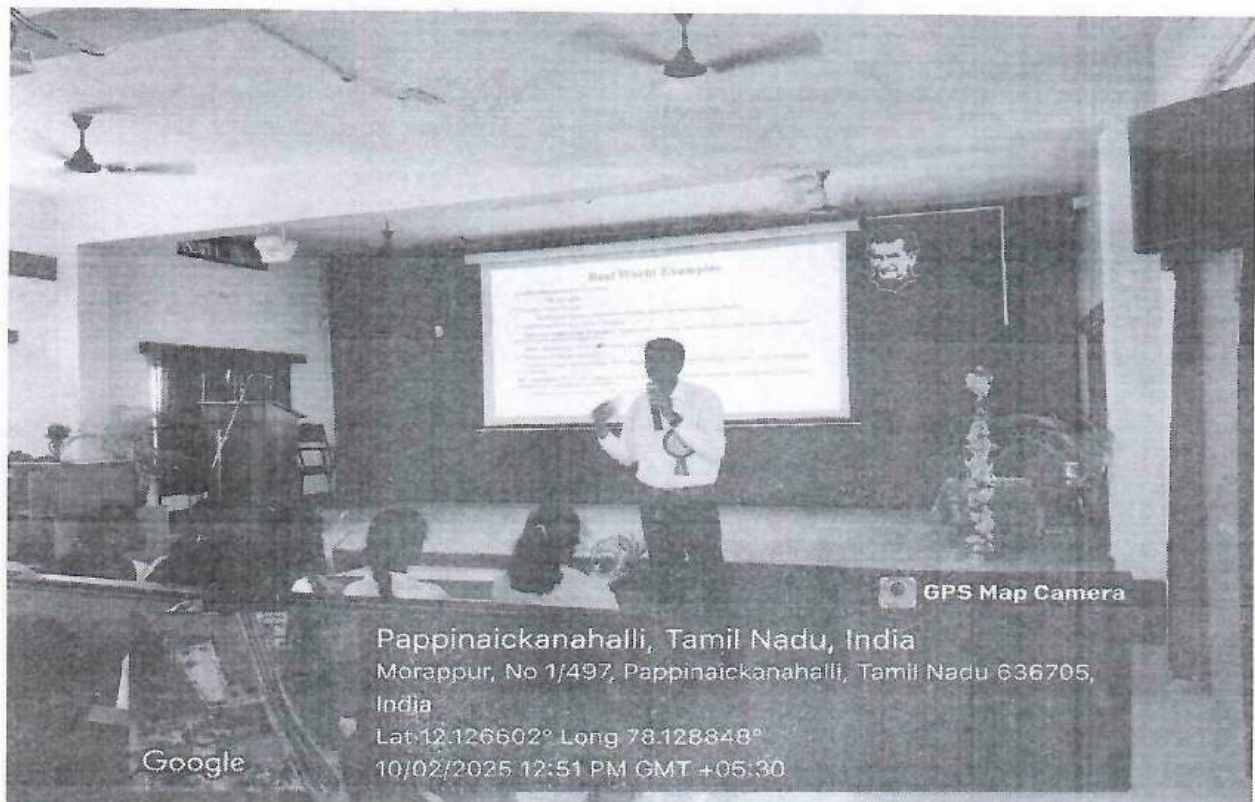

Feedback collected showed high levels of satisfaction, with many suggesting the need for follow-up workshops, hands-on training sessions, and advanced topic discussions. This outcome will guide the department in planning future academic events more effectively.

PG & RESEARCH DEPARTMENT OF COMMERCE

Two Days National Level Seminar on

"Driving Sustainable Growth through Digital Transformation and Entrepreneurial Support in India"

Aim:

- ✓ To protect the interests of student investors and ensure fair and transparent dealings in securities.
- ✓ To identify, analyze, and highlight key takeaways from the seminar, focusing on the most important points and their relevance to the field of commerce.
- ✓ To build a strong ecosystem for nurturing innovation and startups, driving sustainable economic growth, and generating employment opportunities.

Objectives:

- ✓ To understand the concept of sustainable development and its relevance to India.
- ✓ To identify key areas such as simplification and handholding, funding support and incentives, industry-academia partnerships, and incubation.
- ✓ To examine the role of digital technologies in promoting sustainable development.
- ✓ To explore case studies of successful digital initiatives in India.
- ✓ To discuss the challenges and opportunities of digital transformation in India.
- ✓ To raise awareness about the entrepreneurial culture among people.
- ✓ To motivate young individuals from diverse sections of society.
- ✓ To enable the target group to think and act entrepreneurially by imparting technical knowledge.

PG & RESEARCH DEPARTMENT OF COMMERCE

One Day Seminar on

“SEBI - Overview of Securities Market and Career Growth”

Learning Outcomes:

- ❖ After studying this module students shall be able to understand:
 - ❖ Meaning of stock exchanges
 - ❖ An overview of stock exchanges in India
 - ❖ Regulation of stock exchanges in India
 - ❖ Role of stock exchanges
 - ❖ To learn interest of investors and to ensure fair and transparent dealings in securities.
 - ❖ To understand the various elements of stock, types of stock, modes of discharging stock and remedies available in case of breach stock.
 - ❖ To know the reforms in secondary market, trading and settlement, listing of securities and stock market index.
 - ❖ To learn about Debt market (primary and secondary) and types of instrument treated in the Debt market.

REPORT ON INTERNATIONAL LEVEL SEMINAR

ACADEMIC YEAR- 2024-2025

DEPARTMENT NAME	CHEMISTRY
DATE AND TIME	05.02.2025 & 09.30 to 03.30 PM
VENUE / PLATFORM	BOSCO HALL
NAME OF THE EVENT(SEMINAR/CULTURAL/CCA)	INTERNATIONAL LEVEL SEMINAR
SEMINAR IN CHARGE	Mr.C.JAYAKUMAR
CHIEF GUEST	Dr.C.SAKTHIVEL and Dr.R.KAVITHA
NO OF PARTICIPANTS / BENEFICIARIES	210

REPORT:

The seminar began with the registration of participants at 9:15 AM. Around 45 students from other colleges registered and participated in the seminar. The entire program was organized by conveners Mr. C. Jayakumar and Mrs. B. Sathiya. The inaugural session started at 9:30 AM with the welcome address, which was delivered by Mrs. C. Mageshwari.

DON BOSCO COLLEGE

E-mail : dbc155@live.in Website : www.dbcdharmapuri.edu.in

AIM:

The aim of this international seminar is to bring together experts and scholars to share knowledge, explore recent developments, and address challenges in the field, ultimately contributing to its advancement.

OBJECTIVES:

The objectives of this seminar are:

- ❖ To provide a platform for sharing research findings, case studies, and best practices related to the topic, as well as to encourage networking among global professionals and researchers, facilitating collaboration on future research or projects.
- ❖ To explore current issues, challenges, and developments in the field, including technological advancements, policy changes, and global trends, and to engage participants in interactive discussions, workshops, and panel sessions that foster a deeper understanding and effective problem-solving in the subject area.

INTERNATIONAL LEVEL SEMINAR REPORT [ICON'25]

Department : PG Department of Chemistry

Seminar Date : 05.02.2025

“Innovations in Chemistry and Organic Nanomaterial’s (ICON’25)”

The PG Department of Chemistry at Don Bosco College, Dharmapuri, successfully hosted an international-level seminar titled "**Innovations in Chemistry and Organic Nanomaterials (ICON'25)**" on **February 5, 2025**, at **Bosco Hall**. The event drew participants from three colleges in and around Dharmapuri district.

The seminar was graced by esteemed dignitaries, including **Rev. Fr. Thomas George**, SDB, Vice Rector; **Dr. K. Anand**, Principal; **Rev. Fr. Christopher Alexander**, SDB, Vice-Principal; **Rev. Fr. Amalavanan**, SDB, Administrator; **Dr. C. Sakthivel**, Postdoctoral Fellow, Shandong University of Technology, China; and **Dr. R. Kavitha**, Professor and Head, Department of Science and Humanities, R.P. Sarathy Institute of Technology.

The program commenced with participant registration at 9:15 AM, attracting approximately 210 participants. Conveners **Mr. C. Jayakumar** and **Mrs. B. Sathiya** meticulously organized the entire event. The inaugural session began at 9:30 AM with a welcome address delivered by **Mrs. C. Mageshwari**.

The international seminar officially commenced with a presidential address by **Dr. K. Anand**, followed by an introductory speech by **Mrs. S. Manimegalai**, Head of the Department of Chemistry.

At 10:00 AM, the first session, "**Organic Nanomaterials**," was presented by **Dr. C. Sakthivel**, Postdoctoral Fellow at Shandong University of Technology, China. The second session featured a seminar on "Innovations in Chemistry and Organic Nanomaterials," delivered by **Dr. R. Kavitha**.

Following lunch, students showcased their **poster and oral presentations**, which were judged by **Dr. C. Sakthivel and Dr. R. Kavitha**.

The valedictory function took place at 3:15 PM, presided over by **Rev. Fr. Christopher Alexander, SDB, Vice-Principal**, and **Mrs. S. Manimegalai, Head of the Department of Chemistry**, along with the resource persons. **Mrs. C. Mageshwari** announced the prize winners, and the dignitaries distributed prizes and certificates to the winners and participants.

The seminar concluded with a **vote of thanks** proposed by **Mr. C. Jayakumar**.

OUTCOMES:

The outcomes of the international seminar reflect its effectiveness in achieving its aims and objectives. Attendees gained new insights and research findings on specific topics, which were presented through keynote speeches, research papers, and case studies. Additionally, several innovative ideas were shared, contributing to the current body of knowledge in the field.

The seminar facilitated new collaborations and partnerships among global experts, researchers, and practitioners. Attendees expressed interest in establishing joint research projects, co-authoring papers, and exploring international funding opportunities. Participants also had the opportunity to network with professionals and experts from different countries, opening doors for future collaborations, business partnerships, and academic opportunities.

AIMS AND OBJECTIVES

The objective of a "Divine Association" seminar can vary depending on the specific focus and scope of the seminar. However, some possible objectives of a Divine Association seminar include:

Aim:

To educate participants on how to streamline business processes, integrate departments, and leverage real-time data for better decision-making through Enterprise Resource Planning (ERP) systems.

Objectives:

Enterprise Resource Planning (ERP) systems have revolutionized business operations by integrating core business processes into a single system. SAP (Systems, Applications, and Products in Data Processing) is one of the leading ERP solutions, offering a comprehensive suite of applications that streamline operations across various industries.

DIVINE ASSOCIATION

SEMINAR REPORT

PG Department of computer science organised one day seminar on “SAP as an ERP” On Feb 6th 2025 at Bosco Hall. The inauguration start at 10 am with an invocation to the almighty, through the prayer song. It was followed by the traditional lighting of lamp by the dignitaries, A.Shalene Charu III B.Sc CS warmly welcomed dignitaries, faculty members and all the students. The resource person was introduced and facilitated by our secretary Dr.Robert Ramesh Babu SDB, he highlighted the importance of technology and encouraged students to enrich their knowledge. The session started around 10.20 am, Resource person P.Arul Kumar addressed the students and addressed about SAP as an ERP. Following topics were discussed.

SAP ERP is a software suite that enables organizations to manage business functions such as finance, human resources, supply chain, procurement, and customer relations in a unified system. SAP's modular approach allows businesses to implement specific functionalities based on their requirements.

Key Features of SAP ERP

Integration: Connects all business processes in real-time, ensuring seamless data flow.

Scalability: Supports businesses of all sizes, from small enterprises to multinational corporations.

Automation: Reduces manual intervention and increases efficiency.

Customization: Can be tailored to meet industry-specific requirements.

Analytics and Reporting: Provides real-time insights for better decision-making.

Modules of SAP ERP

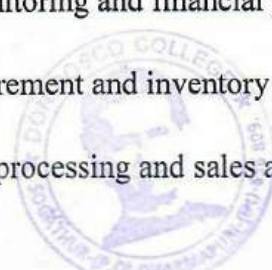

SAP ERP consists of several modules that cater to different business functions:

Financial Accounting (FI) – Manages financial transactions and reporting.

Controlling (CO) – Supports internal cost monitoring and financial planning.

Material Management (MM) – Handles procurement and inventory management.

Sales and Distribution (SD) – Manages order processing and sales activities.

Human Capital Management (HCM) – Supports HR functions, including payroll and employee management.

Production Planning (PP) – Facilitates manufacturing and production processes.

Customer Relationship Management (CRM) – Helps in managing customer interactions and sales.

Benefits of Using SAP ERP

Operational Efficiency: Streamlines processes, reducing errors and duplication.

Improved Decision Making: Real-time data analytics enhance strategic planning.

Compliance and Security: Ensures regulatory compliance and secures data management.

Cost Savings: Reduces operational costs through automation and optimized workflows.

Challenges in Implementing SAP ERP

High Initial Investment: Requires significant financial and time resources.

Complexity: Implementation and customization can be intricate and require expert support.

Training Requirements: Employees need extensive training to effectively use SAP ERP.

PRO FORMA FOR PROGRAMES

ACADEMIC YEAR [2023-2024]

DEPARTMENT	Master Of Social Work
DATE	22-07-2024
VENUE	Bosco Hall, Don Bosco College Dharmapuri
EVENT	Workshop
TOPIC	Workshop on Life Skill Development for Professional Social Workers
RESOURCE PERSON	Sr. Viany
NO. OF PARTICIPANTS	25

Introduction

The PG department of social work of Don Bosco College of Dharmapuri has organized a seminar on “Life skill development” for the 2nd year trainees of PG department of Social Work, Don Bosco College Dharmapuri at Bosco Hall. The session began at 10:00 am on 22nd July 2024, (Monday) with an inaugural talk by **Rev. Fr. Thomas George SDB, the Vice Rector and Principal**. Total of 25 Participants were present for the seminar including the faculty members of the department of MSW. The seminar was organized to enhance the social workers skills and to gain professional knowledge and training on Life Skill Development.

Objectives

- To enhance the abilities for **adaptive** and positive behavior
- To enable the trainees to **deal effectively** with the demands and challenges of everyday life
- To inculcate in students the **flexibility** in approach and that enables to adjust in different circumstances.
- To promote the development of **practical**, hands-on skills

Activities Undertaken

- Inauguration and Felicitation
- Awareness test to know oneself
- Activity Session on Interpersonal Relationship
- Session on Effective Communication – Group activity, types of communication – Verbal, Non-verbal, Written & Visual.
- Decision making skill in an given situation
- Resource Mobilization
- Time management
- Session on coping with emotions
- Activity on Team Building

Learning outcomes

- To create awareness about the **essential** life skills and will encourage the listener/learner to cultivate these **skills** in them
- Improved communication
- Better conflict resolution
- Increased emotional intelligence **reduced** prejudice
- Enhance leadership skills
- Better mental health
- Overall well-being for **individuals and** communities.

Conclusion

Through life skills education, **young** generations are equipped with foundational skills necessary for **transitioning** to productive adulthood, manage stress, learn to deal with difficult **emotions**, practice positivism, improve self-esteem, feel empathy, learn to **listen to others** carefully, learn to set personal boundary, handle dispute well, **find balance** between priorities and demands, communicate confidently, set **goals**, **make** decisions, solve problems, think critically and creatively, use **executive** functional skills, and learn to bounce back from adversity.
