AT KRISHNAGIRI

Report

## **Milk Union LTD**

**Branch: KRISHNAGIRI**

### **INTRODUCTION:**

The department of BBA has arranged for an one day Industrial Visit (IV) for second year B.B.A to Aavin Milk Products Ltd, Krishnagiri. The students were guided by Mr. G.Suresh. Students visited the plant by 10.00 am. and returned back at 12.30pm . This I V was very useful to the students.

### **OBJECTIVES OF THE STUDY:**

1. Companies working structure.
2. Process of production.
3. Types of production.
4. Inflow of raw materials.
5. Out flow of finished products.
6. To study about the quality of milk.
7. To know about the brand loyalty.
8. To identify the customers satisfaction of using this milk.

**Managing director : Mr. Kamaraj,IAS**

**General Manager : Dr.Kumaran**

### **Companies working structure**

1. Managing Director
2. Joint managing Director
3. executive Director

4. HR
5. Team leaders

### **Process of company:**

- The company established in the year 1958
- Today, has expanded to 13 branches in Tamilnadu.
- The company has 7 product manufactured.
- **Employees**  
Total : 500

### **Process of production**

1. Milk filtering
2. Milk in LAB testing
3. Cooling
4. Milk packaging
5. Packet milk (250 ml, 500ml, 1liter)
6. Milk thumping
7. Butter
8. Milk powder
9. Checking
10. Export

### **Major products from milk:**

1. Milk packet
2. curd
3. Lassi

4. Khoa
5. butter (80 % fat)
6. milk packet size various (250,500 ml, 1 let)

### Conclusion

Thus this one day visit to Aavin Milk gave us a wide knowledge about milk products and how they are manufactured. The company demonstrated its methodologies and procedures for our better understanding. Thanks to AAVIN MILK UNION LTD

## KRP DAM

### Krishnagiri Reservoir Project Dam

The Krishnagiri Reservoir Project **Dam (KRP Dam)** was built across river Kaveri, the life giving river for the Tamil Nadu and Krishnagiri districts, in 1957. The Chief Engineer, Sir Murugu Subramaniam the construction of the **dam** during the operational from the Chief Minister K.Kamaraj at 10th December 1957.

### History

Krishnagiri Reservoir Project, also popularly known as KRP, is a lake and the dam that creates it. They are close to the settlement of Krishnagiri Reservoir in the Indian State of Tamilnadu. Wikipedia

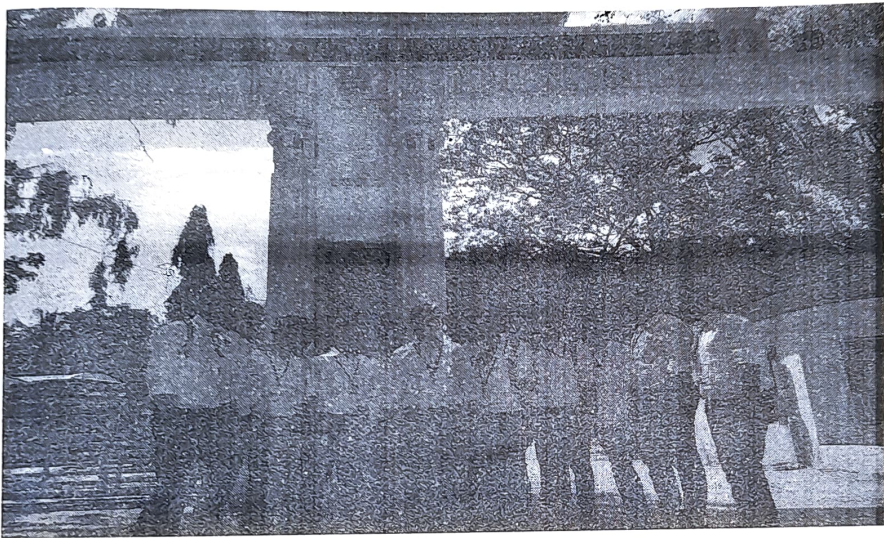

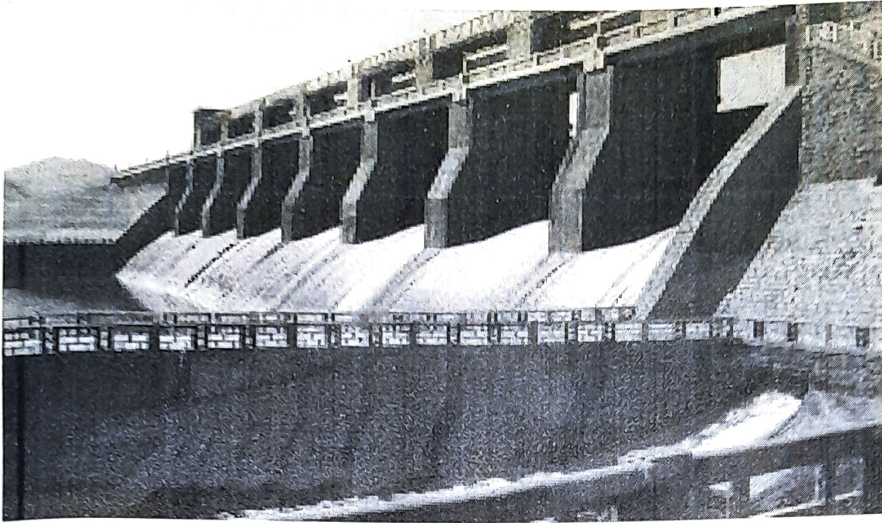

<b>Height</b>	: 29.26 m(96ft)
<b>Opened</b>	: 1957
<b>Active capacity</b>	: 68.23mcm
<b>Location</b>	: Krishnagiri District, Tamilnadu
<b>Construction cost</b>	: 15.9 million
<b>Creates</b>	: Krishnagiri Reservoir

**Did you know:** The dam has 48 automatic gates opening and closing at the rise and fall of water in the reservoir, in six sets, with gates in each one of them Krishnagiri Reservoir Project, also popularly known as **KRP**, is a lake and the **dam** that creates it. Construction cost, 15.9 million. The **dam** was **built** across river Kaveri in 1955. It is the main source of water.

<b>Construction cost</b>	: 15.9 million
<b>Construction began</b>	: 1955
<b>Total capacity</b>	: 68.23 mcm
<b>Catchment area</b>	: 5,428.43 km <sup>2</sup> (2,095.93 sq mi)

The maximum level of the dam is 96 ft (29 m) and the maximum capacity is 509 tmc ft. Its capacity of 93.4 billion is nearly twice that of its Tamil Nadu counterpart of KRP. It was built in-line with KRP Dam, which was designed by Sir Murugu Subramaniam Chief Engineer.

Owing to intermittent rainfall in Tamil Nadu and Krishnagiri Districts on Sunday and Monday, the water level in the Krishnagiri Reservoir Project (KRP) reservoir rose sharply and approached the danger mark. Reservoir Level in KRP Dam reached **123.05 feet**, only - 1.75 feet short of Full Reservoir Level (FRL).

## ASAL FOOD INDUSTRIES

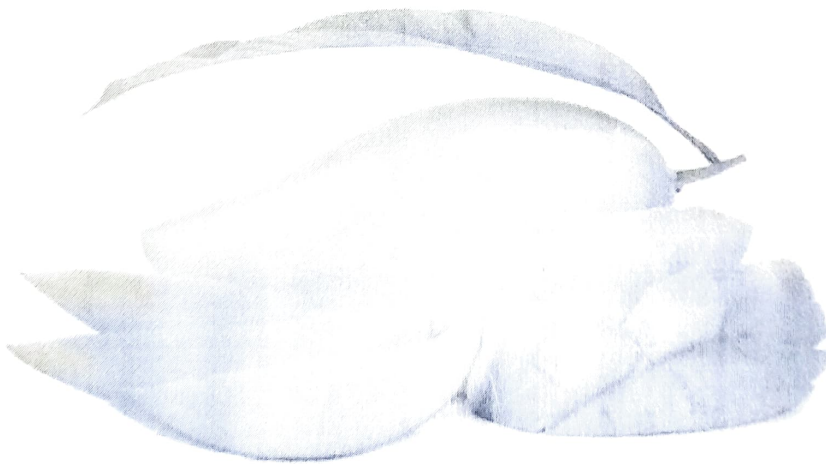

Pannadhur (Village & Post), Pochampalli (TK), Krishnagiri (DT) - 635 123.

### HISTORY OF JUICE:

Juice is drink made from the extraction or pressing of the natural with contained in fruit and vegetables. It can also refer to liquids that are flavored with concentrate or other biological food sources, such as clam juice. Juice is commonly consumed as a beverage or used as an ingredient of flavorings in foods or other beverages, as for smoothies. Juice emerged as a popular beverage choice after the development of pasteurization methods enabled its preservation without using fermentation. The largest fruit juice consumers are New Zealand nearly a cup, or 8 ounces, each day. Fruit juice consumptions on average increases with country income level.

Dr. Max Gerson was the first to put forth the concept that diet could be used as cancer and other disease therapy, but it wasn't until the 1930's, when author and raw food proponent Dr. Norman Walker invented the first juicing machine, that juicing became widely available.

Orange juice originated in the 17<sup>th</sup> century. In the century, James Lind linked citrus fruits to the prevention of scurvy, which, a century later, led to the implementation of the merchant shipping Act of 1867, requiring all Ocean-bound British ships to carry citrus-based juice on board.

## Company Profile

ASAL Food Industries, Panadur (Village & Post), Pochampalli (Tk), Krishnagiri (Dt) - 635 123.

Company name	ASAL Food Industries
Year of established	December 2011
Owner of the industry	Mr. Thirunaukarasu
Management staff	Mr. Pachiyappyan & Mr. Thirunaukarasu
Shift method	General and day and night shift
Exports	Tamilnadu, Andhra, Karnataka and kerala
Total number of employees	80

It was established in the year of 2011 on December by Mr. Thirunaukarasu when he was established initial stage he had been faced lots of critical problems during with local peoples and also government sector.

During opening ceremony at this time two more person cooperated for establishing this industry.

## Functions of Departments

Different departments of ASAL industry are as follows:

- ϕ Marketing Department
- ϕ Accounts department
- ϕ Chemistry department
- ϕ Maintenance department
- ϕ Machine operate department

### **Marketing Department:**

A marketing department promotes your business and drives sales of its products or services. It provides the necessary research to identify your target customers and other audiences. Depending on the company's hierarchical organization, a marketing director, a manager or vice president of marketing might be at the helm.

### **Accounts department:**

Accounting department definition part of a company's administration that is responsible for preparing the financial statements, maintaining the general ledger, paying bills, billing customers, payroll, cost accounting, financial analysis, and more.

### **Chemistry department:**

Chemistry is the study of atoms, molecules and materials- their properties, and how chemical processes work in the industrial contexts and in the environment around us chemistry is basic in the studies of medicine, biology and technology.

### **Maintenance department:**

The technical meaning of maintenance involves functional checks, serving, repairing or replacing of necessary devices, equipment, machinery, building infrastructure and supporting utilities in industrial, business, governmental, ad residential installations.

  
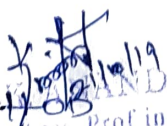

DR. H. S. SHARMA,  
HOD, Cash. Asst. Prof in BBA,  
Don Bosco College,  
Adhiyaman Bypass Road,  
Dharmapuri-636 809.

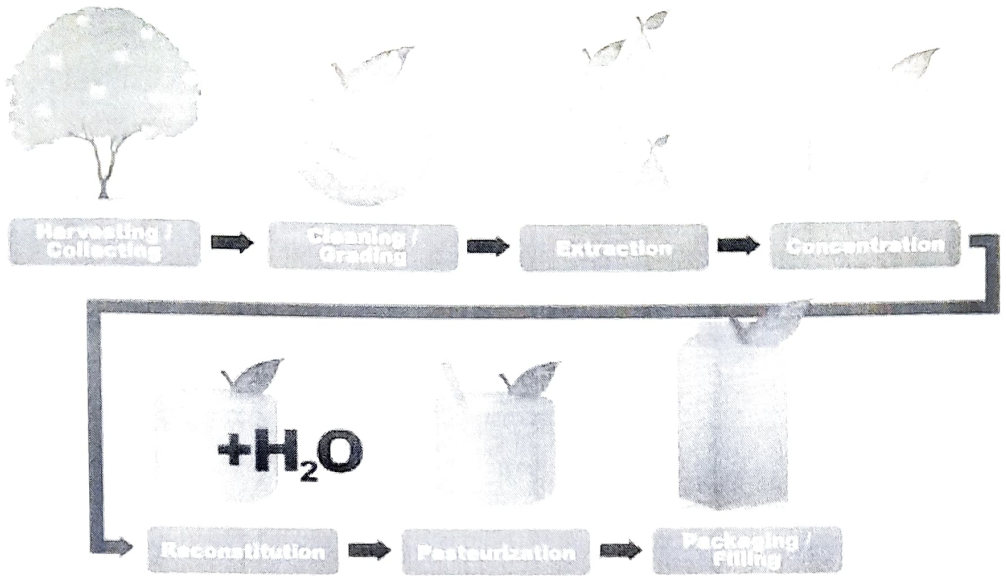

### Machine operate department:

Machining is any of various processes in which a piece of raw material is cut into a desired final shape and size by a controlled material-removal process. Machining is a part of the manufacture of many metal products, but it can also be used on material such as wood, plastic ceramic, and composites.

**SIGN TODAY (PRINT EXPO)**

**DEPARTMENT OF BUSINESS ADMINISTRATION**

**VENUE : BANGALORE**

**DATE : 28.06.2019**

It was marvelous opportunity to visit a sign today. It was conducted by popular companies who holds high photography videography and printing sectors.

This expo plays the participation of more than 300 companies all around India.

50 volunteers of our college when to take a part in the expo to learn the current features of photography and printing industries.

This visit was arranged by our beloved vice rector and Principal **Rev.Fr.Dr.A.SiluvaiMuthu** our department mentor and Rector **Rev.Fr.RajkumarMervyn**, and our department Head **Mr.Ramkumar**.

Our volunteers were guided by 2 staff members the name of **Mr.A.Manimaran**, Asst professor, **Mr.G.Suresh** Asst professor .We started the trip at 05.00 a.m. from our college to Bangalore.

The SIGN TODAY, Bangalore offered an immense opportunity to pre-press service and solutions, camera album making and frame equipments and printing press equipments and machineries, print finishing equipments and accessories print packaging materials converting products and equipments and ancillary products and equipments.

This event the helped our students to participate new markets and discover new products and services with immense marketing and business opportunity the event has emerged as the most ideal forum to launch new ideas and solutions products and services.

Sign today has laid a strong foundation for the international show for photography, videography and digital imaging company sectors.

It was one of international shows for indoor / outdoor advertisement, digital imaging and LED industry.

Major point highlighted on that event day:

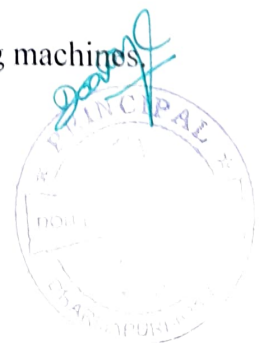

- Product launches
- New technology
- Live demonstration
- New business opportunities
- Participation of industry leader
- Latest trends
- Best deals
- Best network platform

These are the machines displayed in that expo:

- Digital printers
- Cutting plotters
- Seaming machine
- Bill boards
- Electric signage
- Floor graphics
- Neon sign makers
- Metal letters
- Sky balloons
- Screen printing
- Electronic display
- PVC flute boards
- Heat transfer paper

### **FEEDBACK FROM THE STUDENTS:**

- There was good reflective source above the new technologies in print from the students.
- The students were aware of a market prize of the new mechanism in printing industry
- It was very useful for the students to know about printing machines.

- Each company explained the students about all the parts of machinery and advance technologies with a demo.
- Apart demo, each company give a samples in different kind of process  
Ex: Visiting card and creative 3d work
- The students learnt the lot of things like a creation of a innovation in printing Industry.
- They got a clear knowledge about machineries and individual parts, press and package section etc.

## REPORT ON CO-CURRICULAR ACTIVITIES ACADEMIC YEAR-2019-2020

DEPARTMENT NAME	CHEMISTRY
DATE AND TIME	05.10.2019 and 06.10.2019
VENUE / PLATFORM	INDIAN INSTITUTE OF ASTROPHYSICS AND KODAIKANAL SOLAR OBSERVATORY, KODAIKANAL
NAME OF THE EVENT (SEMINAR/CULTURAL/QUIZ/GAMES)	INDUSTRIAL VISIT
CLASS	III B.Sc. Chemistry – A & B
CLASS IN CHARGE NAME	K.VIJAI,S.MANIMEGALAI,D.CHINNASAMY
NO OF PARTICIPANTS / BENEFICIARIES	61
<b>BRIEF REPORT :</b> <p>The first day 05.10.2019, we reached Indian Institute of Astrophysics, kodaikanal. First, we entered the Astronomy Museum and saw different displays which are mainly pictorial, supported by few models. A live solar image and the Fraunhofer spectrum are also presented. They will give public education about astronomy, night time telescopic sky viewing and chromospheric Calcium K indices. Furthermore, all of them observed the explanation of interpretation of the morphological changes of metals, vector magnetic fields, digitized photographs for long term studies, ionosphere, electrojet and hourly observation of surface temperature, pressure, rainfall, etc. are transmitted to the India Meteorological Department and the World Meteorological Organization for using Weather forecasting and research in the atmospheric sciences. Then we visited various places in kodaikanal.</p> <p>At 6.30 p.m. we returned to Lawrence hall, and finished our dinner and stayed there. The second day 06.10.2019 at 6.00 a.m. we started our journey to visit kumbakarai falls. We reached to kumbakarai falls at 10.30 a.m. and refreshed there. Then, the same day we visited Vaigai dam and palani hills. Finally we returned towards to our native place at 8:30 p.m. Around 9.30 p.m. we were getting to the bus and we reached on 07.10.2019 at 5.00 a.m. in Dharmapuri, and students were sent carefully and we left to our home.</p>

To

The Principal,  
Don Bosco College,  
Dharmapuri - 636809

Respected Rev. Father,

**Sub:** Seeking permission for an Industrial Visit – Reg.

As a part of curriculum, we the Department of Chemistry organised an Industrial Visit to the Kodaikanal Solar Observatory for our final year students (III B.Sc. and II M.Sc. Chemistry) on 05.10.2019 and 06.10.2019. We are looking ahead for your permission to allow us to spend some precious moment in the observatory.

We would be immensely grateful to you, if you could accord permission for our Industrial visit for a term of **80 students and 4 faculty members**.

The faculty members:

1. B. Moorthi,
2. K. Vijai,
3. S. Manimegalai,
4. D. Chinnasamy.

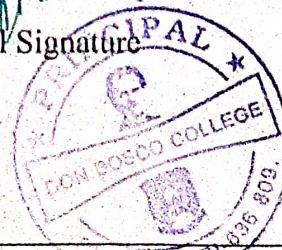

Thanking you,

Yours sincerely,

## To Whom It May Concern

Respected Sir/Madam,

**Sub:** Seeking permission for Educational Visit- Reg.,

Don Bosco College, Dharmapuri, a constituent of the Don Bosco Group of Transnational Educational Network of the Salesians of Don Bosco, Chennai Province, Tamil Nadu, is wholly devoted to the training and equipping of young minds for a challenging and fulfilling career, under Periyar University, Salem. At present, the College has 2,523 students, 107 teaching faculty and 32 support staff, with 11 Undergraduate courses, 8 Postgraduate courses and 4 M.Phil courses.

The College enables the young to find meaning in life to seek guidance and strength from above to foster a spirituality that can sustain them through the inevitable ups and downs of life, according to each one's belief and religious background. To become a center that moulds seekers of knowledge into integrated persons and upright citizens of academic competence, spiritual maturity and social consciousness following Don Bosco's system of education.

As we Commerce Dept Students would like to Visit your esteemed place on \_\_\_\_\_, we kindly request you to give us permission and concession for the same.

Thanking you

Yours Sincerely

## INDUSTRIAL VISIT CERTIFICATE

This is to certify that students of Don Bosco College

DHARMAPURI - 636 809, (13.3.2020)

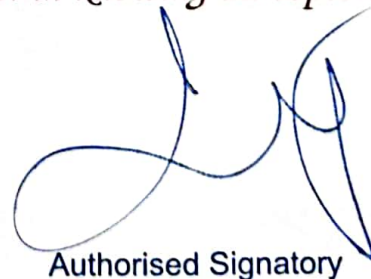

visited The Doddabetta Tea Factory and the Tea Museum on 13-3-2020

They were given first hand information of the entire tea history and processing. They participated in a guided factory tour in which the history of tea and the different stages of tea processing like withering, crushing, cutting / tearing / curling (CTC), shaping, fermentation, drying, cleaning and grading was explained to them. The students evinced keen interest in knowing all aspects about tea manufacture.

## PRO FORMA FOR PROGRAMMES

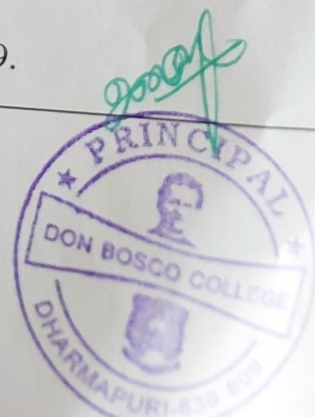

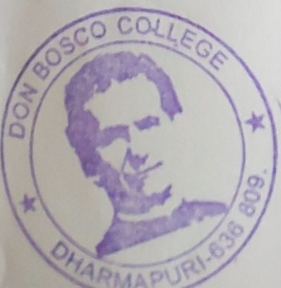

### ACADEMIC YEAR – 2019 - 2020

DEPARTMENT NAME	Commerce
DATE	25-07-2019
VENUE / PLATFORM	Industrial Visit to Ooty.
EVENT (WORKSHOP/ SEMINAR/CONFERENCE/SYMPOSIUM)	Industrial Visit
TOPIC	Industrial Visit
RESOURCE PERSON	Prof.I.James, Prof.G.Gopu, Prof.P.Nagamani and Prof.M.Suresh
NO OF PARTICIPANTS / BENEFICIARIES	50

**BRIEF REPORT :** The department of commerce Don Bosco College organized a one day's Industrial visit to **OOTY**, on 25<sup>th</sup> July 2019 for III B.Com, III B.Com CA & II M.Com commerce students. The visit was organized with the prior permission and guidance of Hon. Principal **Dr. A. Siluvai Muthu, SDB** and HOD of Along with the staff members, students of III B.Com, III B.Com CA & II M.Com. Specially **Prof.I.James, Prof.G.Gopu, Prof.P.Nagamani and Prof.M.Suresh** have taken hard efforts and initiative under the continuous guidance which made this visit a grand success. Total **50 students** of class III B.Com, III B.Com CA & II M.Com along with **4** faculty members have joined this industrial visit.

#### The details of Journey are as follows:-

1. We started traveling from Dharmapuri to Ooty at 10.00. PM on 25<sup>th</sup> July 2019.
2. We reached to Ooty at early morning 07.15 A.M.
3. We visited Ooty Tea factory, chocolate factory 11.30 A.M.
4. After taking the lords blessings, we started travelling at 8.00 PM from Ooty to Dharmapuri on same day.
5. We reached at 4.00 A.M. at Dharmapuri on 26<sup>th</sup> July 2019.
6. We reached at 5.30 A.M. at Dharmapuri on 28<sup>th</sup> September 2019.

## PG & RESEARCH DEPARTMENT OF COMPUTER SCIENCE

### INDUSTRIAL VISIT REPORT (2019-2020)

An industrial visit was organized by the PG & Research department of Computer Science for III B.Sc., CS (A&B) students on 08.03.2020 under the guidance of Mr.S.Silambarasan and Mr.S.Rajesh Singh.

We started our journey from Dharmapuri bus stand at 5.00 a.m, with prayer and reached Wonderla theme park, Bangalore around 10.30 a.m. We enjoyed the whole day in theme park. Next day (09.03.2020) We reached the company named **Virtulive Technologies, Mysore** at 10.00 a.m. Mr.Vinod Jayaraman, Founder & CTO, gave a lecture on “Integrated Hardware for Seamless Video Collaboration”, and also he explained and advised to the students about the rules and regulations of the company and their product of the company. The session was completed by 11.30 am. After that we visited Mysore Palace. Then started back our journey to Dharmapuri at 2.00 pm and reached around 9.00 pm on the same day.

## LEARNING OUT COMES:

- We got a new experience while visiting the Industry.
- We know about the scope for the course we are doing now.
- We have the industrial exposure.
- This visit greatly helped the students to learn the current trends.

## EDUCATIONAL TOUR TO VISVESVARAYA INDUSTRIAL AND TECHNOLOGICAL MUSEUM, BANGALORE.

An educational tour to Visvesvaraya Industrial and Technological Museum, Bangalore on 1<sup>st</sup> August, 2019 was arranged by the Department of Digital Print along with the Department of Business Administration Media for the I, II and III year girls students. Twelve girl students of both DPM and BBA Department visited the museum. Students were accompanied by Prof.E.Sathya from Department of Digital Print Media and Prof.G.Lilitha from Department of Business Administration.

Visvesvaraya Museum has 7 permanent exhibition galleries titled:

- Engine Hall
- Fun science
- Electro technic
- Space Emerging technology in the service of mankind
- Biotechnological revolution
- BEL Hall of Electronics
- Children Science

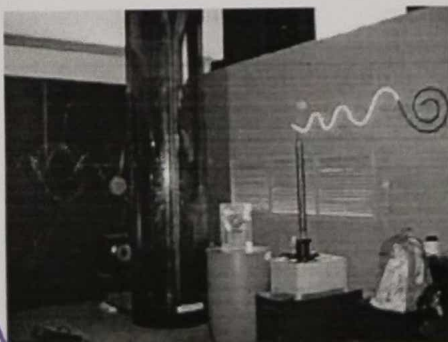

### Engine Hall

The "Engine Hall" exhibits engines of various automobiles, machines used in industry, a jet aircraft engine, and other mechanical devices. The predictability and precision of mechanics is demonstrated by the rolling balls that travel endlessly within metal tracks. It is delighting to watch the balls moving over roller coaster, looping a loop and bouncing high to be caught by a basket.

### Fun Science

On the first floor of the Museum it has the 'Fun Science gallery' that displays exhibits on sciences of sound, optics, fluids, math and perception.

### Electro Technic Gallery

E-Mail : ramkumar1804@gmail.com

## Space Gallery

The 'Space Gallery' is about rocket science and the history of space exploration.

## Biotechnological Revolution

Biotechnology hall also on the second floor of Visvesvaraya Museum has exhibits on basics of Biotechnology and its applications. The 'Dinosaur alive' has a moving replica of Dinosaurs

## BEL Hall of Electronics

The 'BEL Hall of Electronics' has interesting exhibits on Electronics.

## Science for children gallery

Another gallery named "Science for Children" houses exhibits that engages children in activities that help them to enjoy science. There is a giant piano over which they can dance to play music. A pin-wall helps the children to make the impression of their body parts on it.

## INDUSTRIAL VISIT REPORT OF

### DEPARTMENT OF

### DIGITAL PRINT MEDIA

(ON 28<sup>TH</sup> FEBRUARY 2019)

*Fig 1 : (A group photo of DPM girls students in Dinamani printing press Dharmapuri)*

On 28<sup>th</sup> February 2019 we with our students of Digital Print Media get a precious opportunity to visit the Dinamani Newspaper Printing industry.

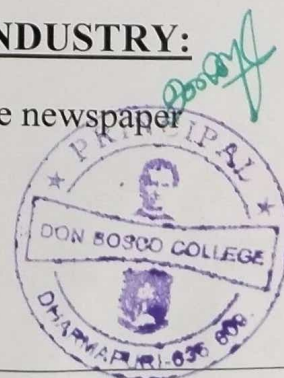

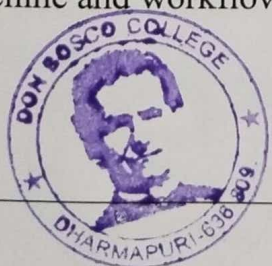

The department of digital print media organized a half day industrial visit. The visit was organized with the prior permission and guidance of honorable principal Rev. Fr.A. Siluvai muthu. It was supported by respected HOD Prof.D.Ram kumar along with department teaching staff members Mr.M.Vincentraj, Mr.M.Sedhupathi and Mr.A.Mani maran of DPM department.

On that day we started at 9.30 AM by our college bus towards Dinamani Newspaper Printing press. Which is located at old Dharmapuri and we reached at 10.00 AM in morning.

Then the supervisor of the Dinamani newspaper printing press Mr.velu started to explain about the management details and printing workflow.

### **POINTS DISCUSSED IN DINAMANI NEWSPAPER INDUSTRY:**

The supervisor Mr.Velu give a brief explanation about the newspaper printing machine and workflow.

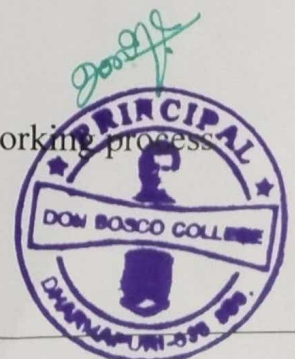

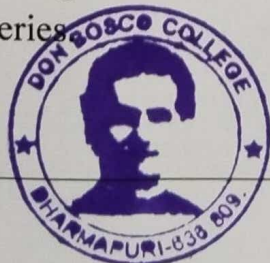

*Fig 2 : (Mr. velu explaining students about the machine functions - Dinamani, Dharmapuri)*

**The points discussed are:**

- Different units of printing machine such as feeding unit, inking unit, printing unit, folding unit and deliver Sections.
- The workflow of the newspaper printing such as news collecting, editing, image carrier preparation (PLATE) printing delivery.
- The substrate used for newspaper printing.
- The function of the feeder.
- Registration process for good quality output, plate punching, plate mounting, machine maintenance etc....
- The news media or news industry are those elements of the mass media that focus on delivering news to the general public or a target public.
- News paper place a major role in delivering the news to the public those are points we discussed about there.

The in charge of different machineries explained about the working process of the machineries

## FEEDBACK FROM INDUSTRY:

- ✓ They were very happy about this and they treated our students in a good manner. Which shows more care for the growth knowledge of the students.
- ✓ They are ready and eager to explain the printing process to our students.
- ✓ They also convey their best wishes for the students future.

## FEEDBACK FROM STUDENTS:

- ✓ First and foremost it is essential to thank our principal Rev.Fr.Siluvai muthu and head of the Department for giving us an opportunity to go for an industrial visit.
- ✓ Special thanks to Prof. Mr. A. Manimaran for accompanying the students and guiding us during visit.
- ✓ Our Heartfelt gratitude also out to Mr.Velu for allowing us to visit his industry and guiding us through the various processes and machinery used. A special thank you to the employees of dinamani printing press for excusing our intrusion.
- ✓ Finally heartfelt gratitude to all our classmates for making this trip a memorable one.

## INDUSTRIAL VISIT TO VISVESVARAYA MUSEUM, BANGALORE.

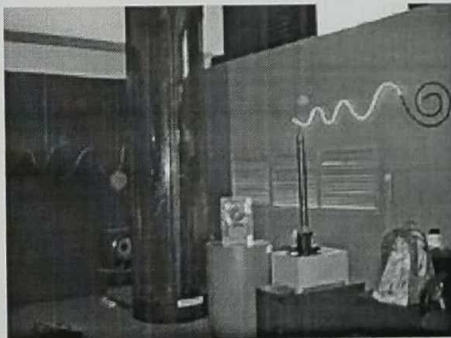

An industrial visit to Visvesvaraya Museum, Bangalore on 25<sup>th</sup> January, 2019 was arranged by the Department of DIGITAL PRINT MEDIA for the First Year UG students. Twenty Five students visited the museum.

Visvesvaraya Museum is not a 'museum' in its classical sense, because it has interactive exhibits unlike stationary models of a museum. It is more of a "Science Centre". Each floor of this museum is dedicated to a scientific discipline.

### Engine hall

The "Engine Hall" exhibits engines of various automobiles, machines used in industry, a jet aircraft engine, and other mechanical devices. The predictability and precision of mechanics is demonstrated by the rolling balls that travel endlessly within metal tracks. It is delighting to watch the balls moving over roller coaster, looping a loop and bouncing high to be caught by a basket. Principle of conservation of energy can be explained convincingly through this exhibit. The renovated section on 'Simple Machines' has interactive exhibits on levers, pulleys, wheel & axle, incline plane and screws. It has interactive exhibits on mechanisms, gears, cams etc. A new section, 'How Things Work?' has blown out working models of ball pen, zipper, lock etc. Even a layman can learn how these gadgets work by operating these exhibits.

### Electro Technic gallery

#### *Jacob's Ladder and Tesla Coil*

The 'Electro Technic Gallery' contains interactive electrical exhibits which work on the basic principles of electricity, electronics and communication. A renovated version of Electro Technic gallery is opened to public on 8 April 2010. [citation needed] This gallery exhibits the classical experiments like Oersted's experiment, Barlow's wheel, Faraday's ring, etc. A demonstration on electrostatics, which includes Tesla Van de Graaff generator etc. is on display. This is a must visit for all the students of

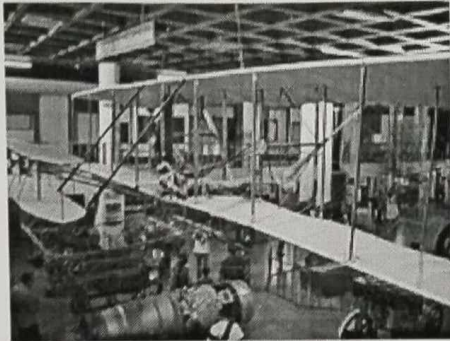

electricity at basic and advanced level and all those who are attracted by the marvels of electricity.

### **Fun Science gallery**

On the first floor of the Museum we have the 'Fun Science gallery' that displays exhibits on sciences of sound, optics, fluids, math and perception. This is a real fun-filled exhibition and people throng each and every exhibit in large numbers to operate them.

### **Space gallery**

#### ***Exhibit in the museum***

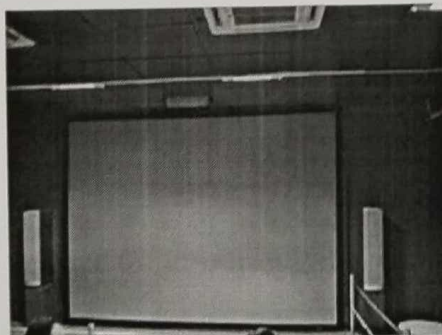

The 'Space Gallery' is about rocket science and the history of space exploration.

Biotechnology hall also on the second floor of Visvesvaraya Museum has exhibits on basics of Biotechnology and its applications. The 'Dinosaur alive' has a moving replica of a Spinosaurus. The 'BEL Hall of Electronics' has interesting exhibits on Electronics.

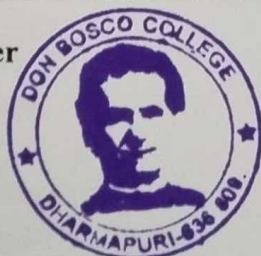

### **Science for children gallery**

Another gallery named "Science for Children" houses exhibits that engages children in activities that help them to enjoy science. There is a giant piano over which they can dance to play music. A pin-wall helps the children to make the impression of their body parts on it.

### **Other attractions**

**3D Theater**

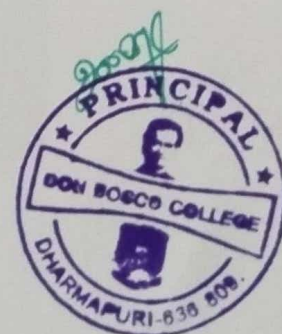

There is a virtual game area, where children can play music using virtual instruments. An attractive mural made of colored beads welcome the visitors to this gallery, which is filled with fun and enjoyment. The museum also conducts a mini-planetarium show called 'Taramandal' at regular intervals. This is the only museum in the world other than the Smithsonian Institutions in the US, to have a full-scale replica[2] of the 1903 flyer of Wright brothers.

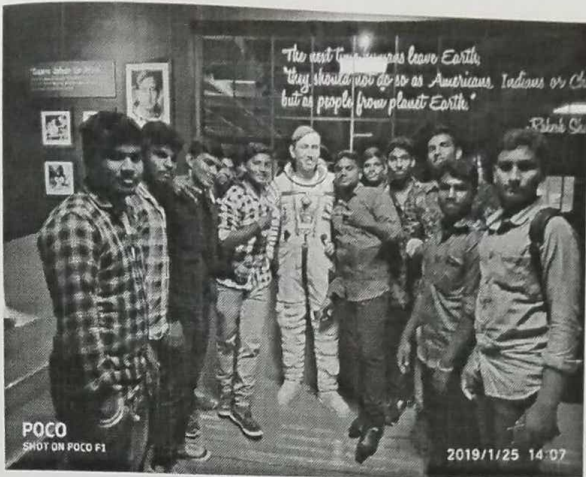

A new 3D theater using technology from LightSpeed, USA is open to the public now. Interesting films on deep sea diving and brain are screened here. The 3d effects are spectacular.

Another new show at the museum is 'Science on a sphere', where an animated globe uses multimedia to project images of a changing atmosphere, ocean dynamics and landscapes to create a powerful and fun education tool, even as it adds a new layer to the museum's outreach program.

E-Mail : ramkumar1804@gmail.com

On 26<sup>th</sup> July 2019 we with our students of Digital Print Media get a precious opportunity to visit the Senthur Printers in Coimbatore

The department of digital print media organized a one day industrial visit. The visit was organized with the prior permission and guidance of honorable principal Rev. Fr.Dr.A. Siluvai muthu.It was supported by respected HOD Prof.D.Ram kumar along with department teaching staff members Mr.Sethupathi, of DPM department totally 30 students visited the company.

### POINTS DISCUSSED IN SENTHUR PRINTING INDUSTRY:

The owner Mr.Prabakaran give a permission to visit the senthur printing industry and Mr.Anand explanation about the function printing industry and company workflow

#### **The points discussed are:**

- Different units of printing machine such as feeding unit, inking unit, printing unit, folding unit and deliver Sections.
- The workflow of the newspaper printing such as news collecting , editing, image carrier preparation (PLATE) printing delivery.
- Students learn how the printing press are function.
- What are the sections in that industry also they know and what is the jobs function over there that details also they clearly observed.
- Students got some samples in that place

#### **Following are the machineries available in senthur printers:**

1. Semi automatic and automatic cutting machine.
2. Lamination machine.
3. The color sheet fed offset machine.
4. Binding machine.
5. Offset printing
6. Screen printing

- The make ready process of miss-registration and also learned about their solutions.
- Lamination process for note book cover page.
- About dampening and inking solution.
- Trimming paper in to the final required size.
- Jobs done in the offset machine (invitation, note book, cover pager, brochures, pamphlets, etc...)

### FEEDBACK FROM INDUSTRY:

- ✓ They were very happy about this and they treated our students in a good manner. This shows more care for the growth knowledge of the students.
- ✓ They are ready and eager to explain the printing process to our students.
- ✓ They also convey their best wishes for the students future.

### FEEDBACK FROM STUDENTS:

- ✓ First and foremost it is essential to thank our principal Rev.Fr.Dr.A.Siluvai muthu and head of the Department for giving us an opportunity to go for an industrial visit.
- ✓ Special thanks to Prof. Mr.Sethupathi for accompanying the students and guiding us during visit.
- ✓ Our Heartfelt gratitude also out to Mr.Prabakaran & Mr.babu for allowing us to visit his industry and guiding us through the various processes and machinery used.
- ✓ Finally heartfelt gratitude to all our classmates for making this trip a memorable one.

## Survey of printing industry - 2019

The survey was conducted to identify the variation and process of the printing industries in the following two Districts Dharmapuri and Krishnagiri. And it is also to know the development strategies of industries in these two districts, especially the Krishnagiri District is upgrading lot of new technologies and developments because recently found and located in the border of Karnataka state. The industrial Survey and the exposure for the students is a great chance for increasing their future job placement opportunities.

### **Back ground and purpose of the study**

This study provides an overview of the printing industry including key metrics that has to characterize the size and impact of the industry on energy , environment and economy.

- ❖ Number of printing industries
- ❖ Number of various machineries , manual, semi automatic, automatic
- ❖ Types of work
- ❖ Industry work flow
- ❖ various types of designing softwares.

### **Organized way**

The survey was conducted by the DPM Students with the help of assistant prof.A. Manimaran. It was purely aimed at enhancing the knowledge of the students about the subjects through practical sessions. In printing industry the types of machineries are used and its advanced developments emerging slowly in this world.

In printers design what paper to purchase and the key factors identified like running ability and print quality, The leading paper characteristics considered the movement of purchase found to be tone line adhesion, accurate sheet dimensions and dimensional stability.

PRINCIPAL

### Findings:

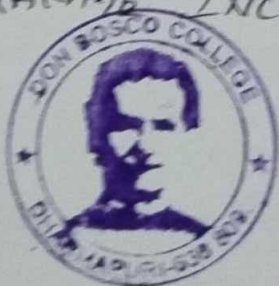

By the above print provider survey further statistical analysis was made by staff members to evaluate the knowledge gained by the 2<sup>nd</sup> year students from their survey by collecting certain forms which was surveyed and signed by the owners/managers of printing industries in Dharmapuri and Krishnagiri. The intent was to identify the technical knowledge gained by them while seeing the process execution practically rather than setting and listing in class.

### Advantages

- Knowing the different names of the printing machines and the advantages and disadvantages of it.
- Workflow of different press was collected and gained more knowledge from the collected survey data subject as they are learning it practically.
- This survey makes the students to become a Entrepreneur in their own native place. Students get better idea about the subjects as they are learning it practically.

## INDUSTRIAL VISIT TO VISVESVARAYA MUSEUM, BANGALORE.

An industrial visit to Visvesvaraya Museum, Bangalore on 31<sup>st</sup> August 2019 was arranged by the Department of DIGITAL PRINT MEDIA for the First Year UG students. Twenty students visited the museum.

Visvesvaraya Museum is not a 'museum' in its classical sense, because it has interactive exhibits unlike stationary models of a museum. It is more of a "Science Centre". Each floor of this museum is dedicated to a scientific discipline.

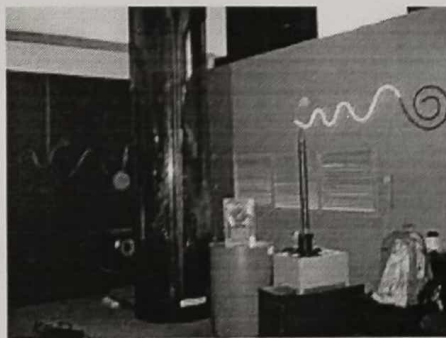

### Engine Hall

The "Engine Hall" exhibits engines of various automobiles, machines used in industry, a jet aircraft engine, and other mechanical devices. The predictability and precision of mechanics is demonstrated by the rolling balls that travel endlessly within metal tracks. It is delighting to watch the balls moving over roller coaster, looping a loop and bouncing high to be caught by a basket. Principle of conservation of energy can be explained convincingly through this exhibit.

### Jacob's Ladder and Tesla Coil

The 'Electro Technic Gallery' contains interactive electrical exhibits which work on the basic principles of electricity, electronics and communication. A renovated version of Electro Technic gallery is opened to public on 8 April 2010. A demonstration on electrostatics, which includes Tesla coil, Van de Graaff generator etc. is on display. This is a must visit for all the students of electricity at basic and advanced level and all those who are attracted by the marvels of electricity.

### Electro Technic Gallery

### Fun Science Gallery

On the first floor of the Museum we have the 'Fun Science gallery' that displays exhibits on Sciences of sound, optics, fluids, math and perception. This is a real fun-filled exhibition and people throng each and every exhibit in large numbers to operate them.

### REPORT ON LIBRARY VISIT

The Students of II M.A., I M.A. and I B.A. English were taken for a Library Visit to Karunya Institute of Technology (Deemed University), Coimbatore on 28<sup>th</sup> and 29<sup>th</sup> February, 2020. About 43 students were accompanied by three faculty members: Mrs. G. Leelavathi (II M.A. Eng.), Mr. R. Govindan (I B.A. Eng.) and Mr. V. Siva (I M.A. Eng.).

The previous day on 27<sup>th</sup> February, we gathered together near the bus stand around 9:30 p.m. and started our trip towards our destination at 10:00 p.m. We reached early morning at Isha Yoga Centre, Coimbatore. We refreshed ourselves and had breakfast there. Around 9:00 am we moved towards Karunya University. We spent about two hours in study. The Chief Librarian, Dr J. Dominic, M.L.I.Sc., Ph.D., warmly welcomed us and oriented us with a wealthy of resources rested in the library. It was a great experience for both staff and students.

On the same day, we visited Kovai Kutralam at the foot hills of Siruvani hills and had a glorious vision of lord Muruga at Maruthamalai Temple. We ended the day one happily and settled down in Kothagiri hills.

On the following day, we took a safe trip around Ooty and visited botanical garden, tea factory, chocolate factory, rose garden, boating and Doddabetta. On the same day, in the evening, we returned safe our residence.

It was a memorable trip for all of us. Learning aspect is executed through various experiences out of this educational excursion.

## PG & RESEARCH DEPARTMENT OF MATHEMATICS

### INDUSTRIAL VISIT REPORT (2019-2020)

05.10.2019 – III B.Sc. Maths 'A' & 'B'

An Industrial Visit was organized for the students of III B.Sc. Maths (A & B) to Karunya University, Coimbatore on 05.10.2019 under the guidance of Mr. J. Magesh, Mr. K. Chandran and Ms. M. Chirsty, Assistant Professors, Department of Mathematics. About 55 students made a visit to learn mathematical insights from the Department of Mathematics, Karunya University. Our students were guided into various levels and advances to gain Mathematical knowledge and industrial exposure. The following day we journeyed to Botanical Garden, Ooty. We visited places like tea estate, telescope view, and flower garden. It was a useful visit.

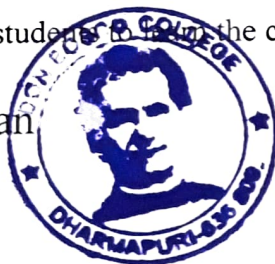

### LEARNING OUT COMES:

- We got a new experience while visiting the university and the tea estate.
- We know about the scope for the course we are doing now.
- We have the industrial exposure.
- This visit greatly helped the students to know the current trends.

CONFIRMATION LETTER FOR INDUSTRIAL VISIT

Don Bosco College,  
Department Of Physics,  
Dharmapuri

Dear sir,

We're pleased to inform you that your students are interested in Industrial Visit to our wind farm operations to learn more about us and our Service and maintenance. This Internship Training takes 120 minutes. And you have to pay the fees Rs.100 per head.

We hope to make this experience one that will be useful to your students to help educate them regarding what our company service & maintenance and also we will arrange food & accomdation will be chargeable.

Thank you for your interest and I look forward to hearing from you soon!

Sincerely,

Mr.Johny Dsilva Vincent,  
General Manager,  
Apm Wind Energy And Plantation Pvt Ltd,  
Tirunelveli - Nagercoil Main Road,  
Muppandal,Aralvaimozhi,  
Kanyakumari Dist-629301.
