The PG Department of Chemistry conducted an extraordinary workshop on 30th August 2017 in Bosco hall, Don Bosco College Dharmapuri. Nine colleges Participated in and around Dharmapuri and Krishnagiri. The workshop topic Dealt was **Group theory and spectroscopy**. the honorable dignitaries were **Rev.Dr.C.M. Varghese SDB**, Rector and Principal, **Rev.Fr.Robert Ramesh Babu SDB**, Vice Principal and **Rev. Fr. S.Bharathi Bernadsha SDB**, Administrator, and **Dr.D.Gajapathy** Director K.M.G College of Arts and Science, Gudiyatham, Vellore, **Mr.G.Sankar** Research Scholar, Periyar University Salem.

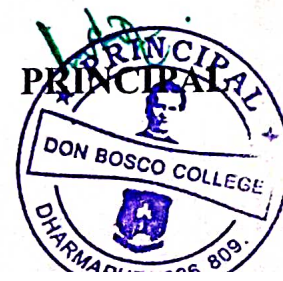

The Workshop was started with registration of participants at 9 a.m. the entire program was organized by convener **Mr. P.Chiranjeevi**. the inauguration was started at 10 a.m with the welcome address.

Rev.Fr.Dr. C.M. Varghese. Principal gave the presidential address and later the introduction speech was given by **Mr. P.Ashokan**, Head of the Department. At 10.45 a.m, the first session was “**Group Theory and Spectroscopy**”. **Dr.D.Gajapathy**, Director K.M.G College of Arts and Science, Gudiyatham, Vellore, He gave useful and valuable information to the participants. all the participants went for a tea break about 15 minutes. After the tea break a video presentation was done from 11.45a.m to 1.00 p.m. There was an interaction among the participants. We broke for lunch from 1.20 p.m. to 2.15 p.m. All the participants were given delicious lunch with care.

After the lunch, the second session was started on “**Synthetic Organic Chemistry**”. **Mr.G.Sankar** research Scholar Periyar University Salem. He gave useful and valuable information. it gave a broad knowledge. The participants went for tea break. Finally the valedictory function was held by **Rev.Fr.Dr. C.M. Varghese**. ABOUT THE COLLEGE

Don Bosco College of Arts and Science, Sogathur, Dharmapuri belongs to the Salesian Society of St. John Bosco - a World Wide Institution. The Motto "Healthy Mind in a Healthy Body" is the guiding principle of the College. This is an abbreviation of the statement "Your prayer must be that you may have a sound mind in a sound body" from the Latin Poet Juvenal, giving a prescription for happiness. The logo conveys the message that Don Bosco College (DBC) shines as a bright burning candle imparting knowledge symbolized by a book, thus influencing the world. The words **EXCELLENCE** and **EMPOWERMENT** indicate human and academic excellence, the hallmark of Don Bosco College which enables all the students to empower the world in which they live.

OBJECTIVES OF RUSAC

To provide a forum for all those who are interested in the study of Chemistry to meet and discuss about the modern trends in Chemistry.

- To meet and discuss innovative methods in teaching and learning Chemistry.
- To organize inter-collegiate seminars, quiz, presentation of papers, exhibitions and various other competitions and to highlight the importance of minor research projects.

AREA OF FOCUS

- Group Theory
- Organic Synthesis
- Molecular Spectroscopy

ABOUT THE DEPARTMENT

The Department of Chemistry was started during the academic year 2009-2010 to render services to the student community of this rural area in order to meet the emerging global challenges in the area of Chemistry. The Department is facilitated with a well-equipped specialized laboratory. The Department also offers chances to the students to do small projects to develop their research attitude in the undergraduate level itself. The Department is upgraded as PG Department in the year 2013.

ABOUT RUSAC

Forum Society for the Advancement of Chemistry (RUSAC) was founded by Rev. Fr. P.A. Thomas, SDB, M.Sc., Head, Department of Chemistry, Sacred Heart College (Autonomous), Tirupattur in November 1996.

REGISTRATION FEE

Presentation only Rs. 200.
Participation only Rs. 150

The participants are requested to send the Registration Form so as to reach us on or before 30th August, 2017.

Dear Sir/Madam

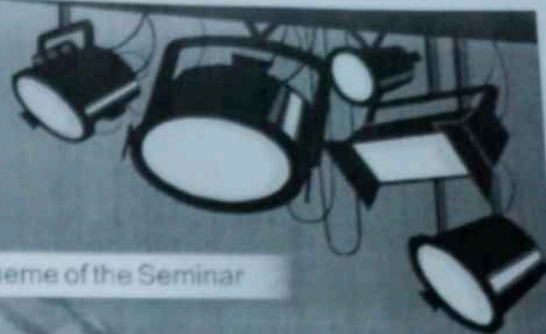

Warm Greetings! The Management, Principal and Faculty Members of the Department of Digital Print Media are pleased to invite you to participate in the State Level Seminar on 'CINEMATOGRAPHY' to be held on 08th August, 2017.

About the College

Don Bosco College is situated in Dharmapuri, which occupies a significant position in TamilNadu due to its contribution to literature in the Tamil poet Avvaiyar and on an account of the wise king Adhiyaman. The College prides itself on maintaining an excellent record. The campus is vibrant with academics, sports, co-curricular and extra curricular activities. Each student passing through the portals of the college, finds ample scope for intellectual, spiritual and holistic development. True to its motto, "Mens sana, in corpore sano," a healthy mind in a healthy body, Don Bosco College strives to produce for the nation an intelligentsia that can brave any storm and dissolve clouds of ignorance and superstition.

About The Department

The Department of Digital Print Media was started in the year 2008. The course is offered only in our college in the whole of Periyar university. It is a three year UG course a combination of Printing, Computer and Media. With the advent of software development and the influence media has in the society, this combination will fetch great employment opportunities for our students in and out of the country. The course content is structured as i) Pre-press, ii) Press and iii) Post-Press. In which the students get an in depth knowledge of Computer Fundamentals, Graphics Designing, Desk Top Publishing, Planning a Design, Layout Preparation, Colour theory, Offset Techniques, Flexo and Gravure Printing, Screen Printing, Digital Work flow, Machinery Maintenance, Press Management and much more. The job opportunities are in the following fields Pre-Press Paginator, Designer, Graphics Designer, Creative Designer, Photo Editor, and Cartoon Artist. Press Section In-charge, supervisor, Foreman, Operator, Lab Controller and Post-press Sample maker, Binder, Section Supervisor, Quality Controller, Product Filler, Department In-charge and Machine operator. The department sees the light of the days as the students grow creatively, intellectually and technically well through this course.

Theme of the Seminar

The Faculties and Students of the Department of Digital Print Media are immensely pleased to organize a State Level Seminar on 'Cinematography'. The proposed seminar will definitely shower the rain of enlightenment. It will explore the artistic creation of the moving image. The craft and technology of cinematography and videography to increase consistency and predictability and to enhance experimentation in the creation of the moving image. This Program prepares the individuals to communicate dramatic information, ideas, moods, and feelings. It includes instruction in theory of film, film technology, film production, film directing, film editing, film audio techniques for making specific types of films or videos. During the programme you will gain a comprehensive range of skills that focus on creative development, script writing, directing,

Tea and working lunch will be provided to all participants. The participants are requested to make their own arrangements for accommodation.

Session I

Topic: Mathematical Modeling in Engineering and Technology

Dr. S. Karthikeyan, has initiated the session I from basic concepts of Mathematical models. It's like How to define a mathematical model, and explaining the concepts in making models, climate modeling, seismology, environment, economics, war related problems, material research. Fourier Heat conduction law, pyroelectric materials. In our day to day life, we have ignited the participants to undergone research oriented activities in future.

Session II

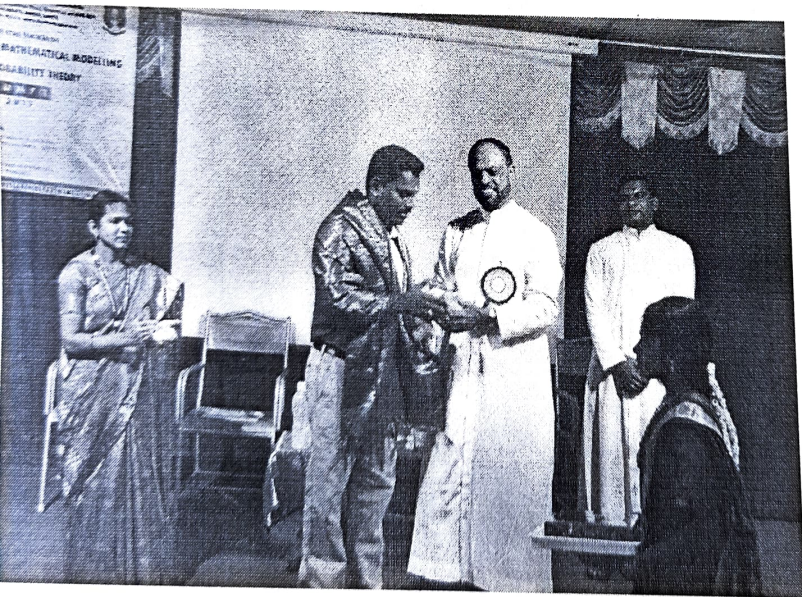

Topic: Probability Theory and its Applications

Dr. D. Eswari Prem, has initiated the session II from the most important concepts of Probability Theory, independent and dependent events, random variables, Sequences, Mathematical Expectation, Variances, Baye's Theorem concept and its applications. The rolling a die, shuffled cards, unbiased and biased coin concepts are explain it and probability theory role-played in our day to day life.

VOTE OF THANKS

It's my privilege/ to have been asked to propose a vote of thanks/ on this occasion.

I take this opportunity / to express my gratitude / to our esteemed guest Mr. T. K. Sundaramoorthy. / I am sure/ that the participants / must have benefitted from this seminar.

Thank you sir, !!.

I am very much thankful / to the Rector and Principal Rev. Fr. C.M. Varghese SDB, / for arranging the chief guest. / I also thank / Rev. Fr. M. Maria Louis SDB, / Vice Rector / for his timely guidance./ My sincere thanks to Rev. Fr. P. Robert Ramesh Babu SDB, / Vice-Principal / for providing us all possible supports / towards organising this event./

I propose my thanks / to Rev. Fr. Bharathi Bernadsha SDB, / Administrator / of our college / for sharing his ideas and knowledge / inspite of his busy schedule./ I must mention my deep sense of thanks/ to all the staff members and the students of the departments of Physics and Chemistry / for their kind cooperation and active participation./

Finally, I extend my sincere thanks / to the non-teaching staffs, for providing us with audio, video, and other electrical facilities./

Thank you and thank you all !!

Welcome address

It's truly a great pleasure for me to have the pleasant task of welcoming the most eminent speaker of today. It's a pride to us that, he is a person who acquired his degree in mathematics from our Sacred Heart College, Tirupattur.

Later he had his diploma in aeronautical engineering from MIT. Then he attained his master's degree in aerospace Engineering from IISC, Bangalore. He has rendered his years of service at ISRO in various positions with different responsibilities, as a project engineer, project manager, deputy project director, operation director and mission director.

His contribution is very significant for India's first experiment on communication space craft, APPLE. He was the main architect and his dedication is enormous for the communication satellite EUTELSAT and S/C INSAT-3D. He was conferred "TEAM EXCELLENT AWARD" for the satellites.

His credit extended to HYLAS, high end communication satellite. He also had associated himself with an international space agency, ASTRIUM.

Now he is playing different vital roles in various positions.

- Governing council member –ACS college of Engineering
- Member secretary-MITAA BC
- Member – Astronautically society of India
- Member – Aeronautical society of India
- Expert consultant – Advanced metallurgical communication and high data rate space craft.

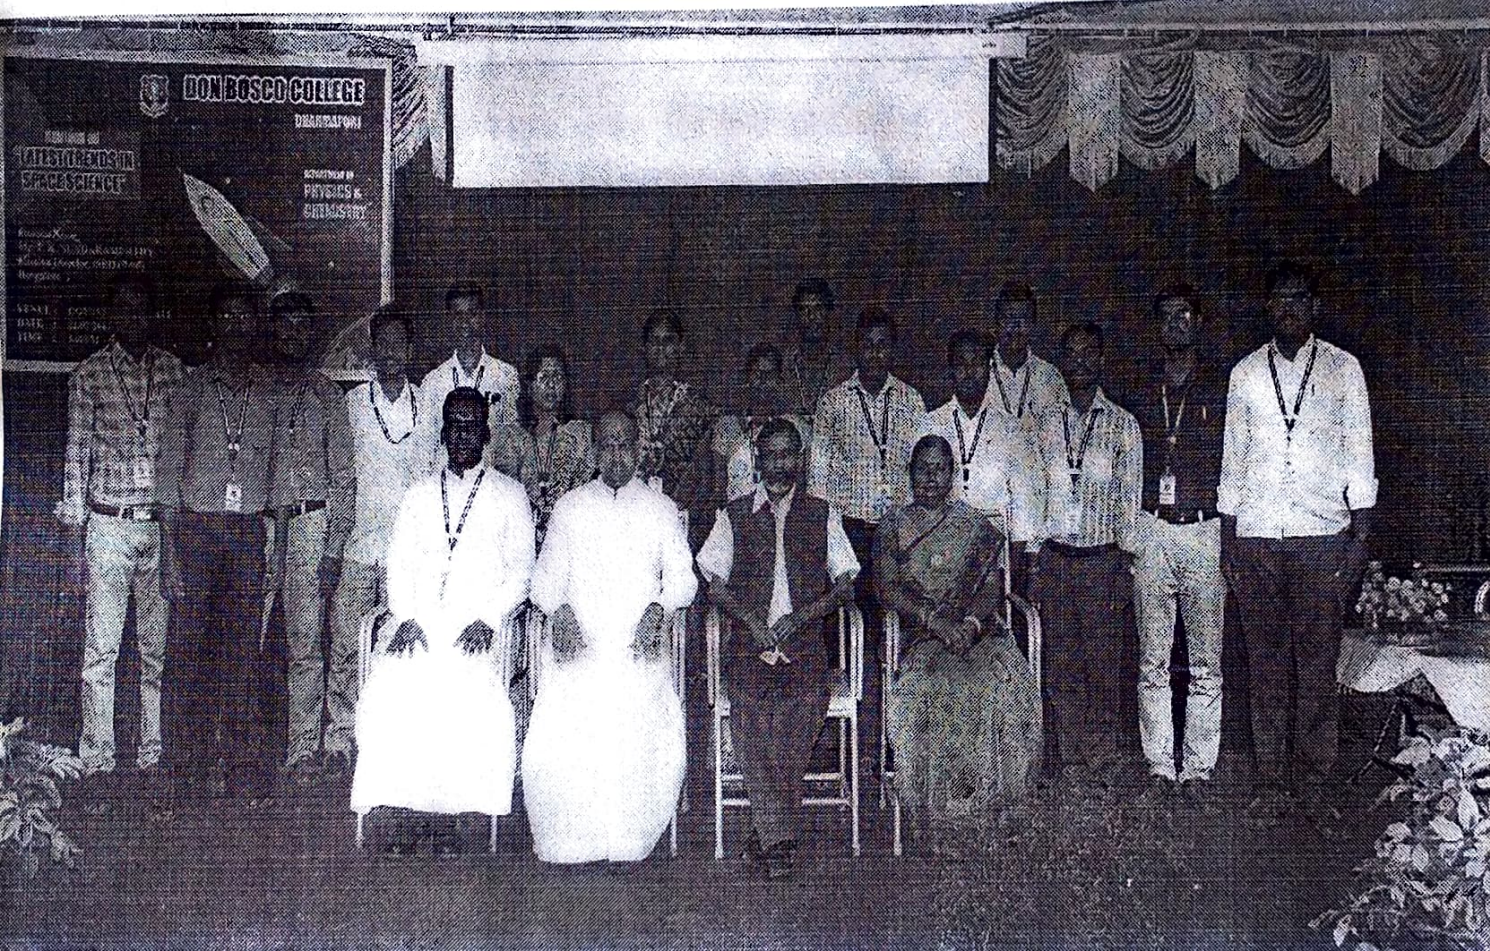

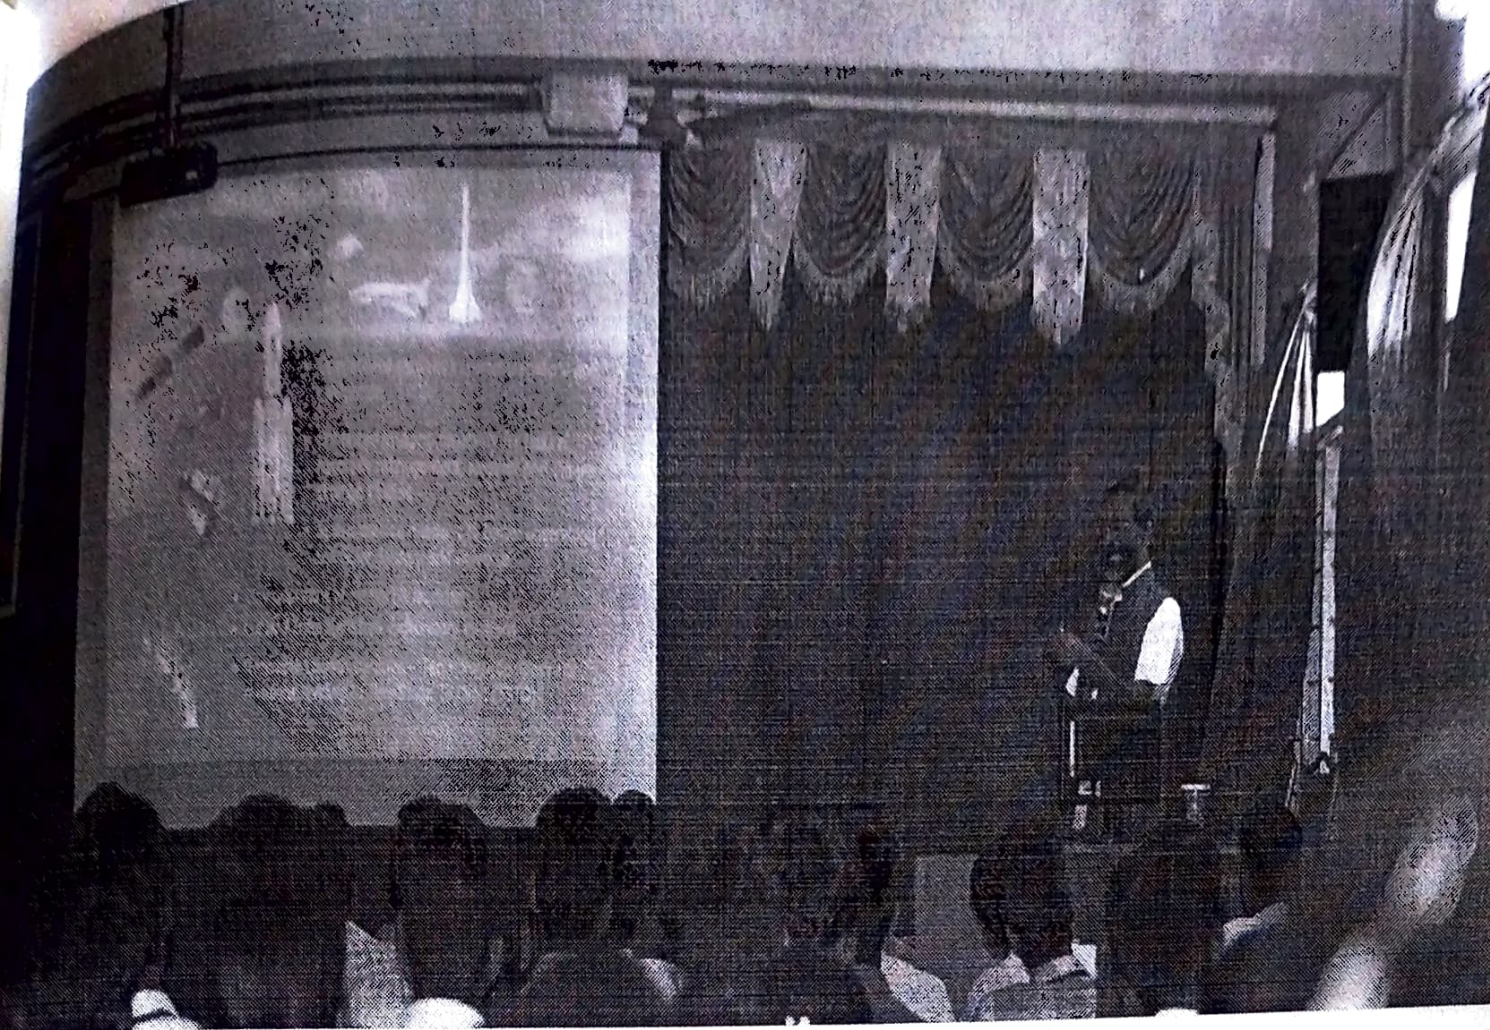

has been here as a freelance ambassador from ISRO to provide space science programs to the students.

once again, I welcome you sir.

NATIONAL SEMINAR ON ESSENTIAL SKILLS FOR PROFESSIONAL SOCIAL WORKERS

INTRODUCTION:

Social work is a dynamic and demanding profession that requires a variety of skills and qualities. Whether these skills are innate or acquired, success in the field requires social workers to continually develop them throughout their career. While this list is not exhaustive, there are no of skills vital for all social workers. Social workers must be able to objectively evaluate each case by collecting information through observation, interviews and research. Thinking critically and without prejudice enables social workers to make informed decisions, identify the best resources and formulate the best plan to help clients for which the social workers requires a good no of skills.

Keeping this in mind, a National Seminar on Essential Skills for Professional Social Workers was organised on date 04/01/18 with at Dominic Savio Hall with 1st year MSW students along with the staff, the programme was held only for 1 day from morning 9:00 am to 5:00 pm. Rev. Fr. John Paul, Director of Loyola Maiyam, Harur was consented to be the Resource Person of the Seminar. BSW students and staff from Government Arts & Science College participated in the seminar and gained the insights.

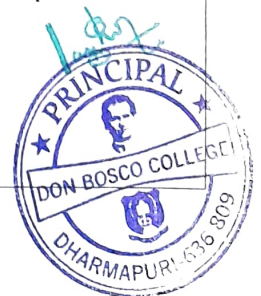

The National Seminar was commenced with the Inauguration Session and the following programs were there:

- ❖ Prayer song
- ❖ Lighting of lamp
- ❖ Welcome Address
- ❖ Introducing the Resource Person
- ❖ Honouring the chief guest

During the first two sessions of the seminar, Fr. John Paul made a presentation on all Basic Skills of the professional social workers which covered areas like empathy, communication, organisation, critical thinking, active listening, etc in detail with proper explanations and examples.

After the lunch, the resource person divided the participants into several small groups and given them each a critical situation and advised them to use the skills that were dealt in the morning in order to know their levels of understanding and their performances were evaluated and necessary useful and more practical feedbacks were also given to the participants to be more professionals.

The valedictory program held at the end, and during the valedictory program a few participants were asked to give their feedback explaining how the program helped them improve their skills to be more professional and made them to be more confident. In his valedictory address, the Vice-Principal congratulated both the participants, organisers and the resource persons for organizing the programme successfully and requested the participants to constantly improve upon their skills and competencies for their personal and professional growth. The program ended with a vote of thanks and the distribution of the participation certificates.
